Dear Doc:-

I enjoyed your letter and, barring unforeseen difficulties, I will be in Lawrence on the night of November 26th for the game.

I'll try to get in a couple of work-outs before then and perhaps get that left-handed float shot tuned up.

Our line-up looks plenty tough and we should be able to give the varsity a real battle. Of course, I don't know what we will use for wind after the first quarter; but maybe we can just pivot and pass out.

Best personal regards to you, Bob, and the family and I am hoping to see you next Tuesday.

Sincerely,

*Bruce Voran*
