

March 14, 1945.

Mr. R. J. Atkinson,
1100 Indiana Street,
Lawrence, Kansas.

Dear R. J.:

At a meeting of the Board of Directors held at the Lawrence Country Club on Monday evening, March 12, it was voted to continue the offer to the University students of \$10.00 per semester, payable in advance. They did not care for the 50¢ down payment each time. This should all be paid at once.

Will you kindly check with the boys and see how many would like to take advantage of this offer. Since school is not over until near the end of June this looks like a very good deal.

I have just noticed in the intramural program for the golf tournament they plan to start the week of March 26th. If you could gather the names of all these boys they could pay their \$10.00 here at the office and I could make arrangements for all of them to play out there. Otherwise, it will be necessary for them to get in touch with Mr. George Wetzels, secretary of the Country Club, at his office in the Community Building. Mr. Patton, the manager, is not to accept any money for anything but greens fees out there.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Mr. Solon Ayers,

Lawrence, Kansas.

Dear Solon:

On behalf of the Lawrence Country Club I wish to thank you, Madison Coombs, Jeff King and his splendid troop of boxers in entertaining us at the Lawrence Country Club last night. You have always been most gracious in cooperating with everybody in the community, and this is an added attestation of your generosity and kindness.

If you will kindly extend the thanks of the Country Club to all of your Haskell emissaries who made our evening glad, I will appreciate it very much.

Very sincerely yours,

Mr. Solon Ayers, Superintendent,
Haskell Institute,
Lawrence, Kansas.

Dear Solon:

I am delighted that you and Madison Coombs can attend our Country Club dinner which will be held at 7 o'clock at the clubhouse building on Monday night, March 12. If agreeable with you I will meet you and Madison out there.

I will arrange with Madison to have Jess King bring the boys out after the dinner hour, about 8 o'clock. Then after they box we will see that all the boys and Jess are furnished a nice dinner, the same as we are eating, but I understand from Madison they do not want to eat, of course, until after they box.

We are going to have Rex Kendall with his legerdemain, and we will arrange for your Indian boys to have their dinner during the time of his entertainment. I know they will enjoy that. We will check with Madison as to the exact time, but I would say 8 o'clock would be fine. However, if they want to come out earlier we would be delighted to have them, but I thought the fact that they wouldn't want to eat when we do, sitting around would be boresome to them.

Now, regarding the Red Cross. I am sending you a tear sheet from the Daily Kansan showing that we have the thing organized now that we have seventeen service men, under Chief Leon W. Mineau, and they are all overseas fleet men. We have arranged for the men to talk to the sorority houses and the women to talk at the fraternity houses, and the drive will then take place right after the dinner hour. I checked with the University administration very definitely before we selected the Jay Janes, and they are the most efficient group to initiate this drive.

You will understand why we were slow in getting started because our vacation was on when the drive downtown started and we wanted to begin with the faculty first, and then follow up with the students. I believe that we are going to do a nice job and you can depend on my untiring effort to put this job over for you. I regret it was late, but it was unavoidable. We would not have done nearly so well had we started earlier.

Congratulations in going over the top this morning! They tell me that the Haskell band is celebrating the victory down town with a serenade. You certainly deserve unstinted congratulations. We are proud of your leadership.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Donald:

I was glad to hear from you again, and hope you will be able to see the Big Six Track Meet in Kansas City on Saturday, March 3. Mr. Kanehl says they will doubtless stay at the Robert E. Lee Hotel, as they did last year. If you will see him I am sure he will try to secure a couple of tickets for you.

The Kansas Relays will not be held this year, but the High School Meet will be held on Saturday, April 21. I hope you will get over to Lawrence for that.

With best wishes to you, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Sir

Well it has been quite sometime since I have heard from you. Well next week Feb. 24, 1945
is the Big 4 Indoor Track meet at Kansas City, Mo. Isn't it? Well last year you gave
me 2 tickets to get in and I would like to know if you would give 2 tickets for me and my
friend from Newton to get in. Kansas is going to stay at the Robert E. Lee Hotel. Will
they? Just tell Mr. Kanel the (Track Coach) to pick them up at the Robert E. Lee Hotel. Will
come to Lawrence this year and see the Kansas Relay but would like for you to sit with
me. Will answer as soon as possible. Answer as soon as possible.

Dear Solon:

On behalf of the University of Kansas and her Athletic Association, as well as the basketball team, I desire to thank you so much for the splendid exhibition put on by your students between halves at the basketball game last Saturday night.

It was generous indeed of you to do this and I have heard many wonderful compliments regarding the excellent contribution. Thank you a million. We trust that we will be able to reciprocate your many kindnesses.

Sincerely yours,

Lawrence, Kansas.

Dear Ed:

You have been very generous in your kind remarks concerning my candidacy for councilman in the first ward. I appreciate it very much, and if I am elected I pledge my very best efforts toward cleaning up Lawrence in a way that should our visitors and residents of early days come back, they would feel proud that Lawrence has restored some of her beauty and culture.

And incidentally, I will do all that I can to provide facilities so that our youth of Lawrence will be in the best of environments.

Appreciatively yours,

Dear Dick:

Congratulations on getting into the Manual game
and taking one shot and scoring one basket!

I understand that you are improving nicely in
your basketball and I want you to keep your chin up and walk on
the sunny side of the street and fight 'em. You are young, but
you are coming along splendidly, and in time you will make a fine
athlete and fine student, and later a fine citizen.

Although I do not get to see you often, I am
still pulling for you to make everyone very proud of your achieve-
ments. With the memory of your dad and with the pride of your good
mother, I am backing on you to stand foursquare in every way.

With all good wishes, I am

Dear Mrs. Arnel:

I was glad to hear from you and pleased indeed to know that you had such a wonderful visit with Lyle. He is a grand chap and I know you two must have cherished every moment of your association.

I dropped by the house and had quite a visit with Patty when she was the generalissimo of the domicile. She really was doing things up brown. She was certainly swinging about in those overalls. When she establishes a household I imagine there will be nine holes out in the walls for the three cats she has and when she says seat, I'll bet they will seat!

Mrs. Allen and I very often talk about you and your lovely family. She certainly will be happy to see you when you can get over 801 Louisiana way. You are a very brave little woman.

Sincerely yours,

Director of Physical Education,

Dear Dr. Allen: - you are such a busy man, I've decided it would be easier to reach you by note.

I do appreciate your taking such good care of us, out the pocket full - young Lyle is so pleased and happy with it. Thank you a lot for your trouble.

My visit with Lyle was ideal - just not very easy. He seemed to be very well - not quite so worn out as when we saw him last summer.

Give my love to Mrs. Allen, I want to come and see her soon.

Sincerely yours

Dear Dr. Allen,

While reading the "Stars and Stripes" the other day I ran across the enclosed clipping. I am taking this opportunity to send it to you, and I know there are plenty of us over here, who saw it, had some fine memories of old K.V. flash before our eyes.

Things have been moving pretty rapidly for me in the past two months, consequently, I haven't received any "Rebounds". As this letter will have my address would you put it on your mailing list as I would really appreciate it. Seriously, Dr. Allen you'll never know how much I appreciate it, and I know I speak for many others.

Sorry to have missed you when I was through Lawrence in October. I did see a few of the "old guard". Tell old Dean Nesmith "hello," and I could sure go for a good rub-down right now.

Your team seems to be doing o.k. so far this year from the results in the papers. Keep up the good work.

If you have Vance Hall's address I would appreciate it if you would send it. Hoping to receive the "Rebounds" soon, I remain,

Sincerely,

Dear Art:

It was nice of you to write me as you did. I took your letter down town and let Mrs. A. J. read it, and she seemed to be pleased indeed, as she is always to read a communication from you. You wrote a very chatty letter.

I am now working on my next Jayhawk Rebounds and I will save most of the news for that. Suffice to say that we are always tickled to death to hear from you, and we hope that some time in the not too distant future we will have a chance to clasp your hand and chew over some of the fat that has been accumulating in these too rapidly passing years.

I know you are doing a swell job, Art, and I know that you will raise the morale of many of the boys that you come in contact with. I can just appreciate what you are facing each day and each week, as the casualties roll in from the Pacific. It is a tough job, but our American boys have always been equal to the occasion, and I am sure that this will be no exception.

Please give our love to Irma and Sam, and tell them that we think of them often.

With every good wish, I am

Sincerely yours,

Dear Phog:

Mrs. A.S.
Received my second Rebound. Maudie sent me my first while I was in China. Have had a lot of chasing around in the past year and a half. The Caribbean, Central and South America, Africa, Egypt, Arabia India, Burma, China, Australia, Panama and what not. Am squatting down here on the border nursing my arthritis and holding down four full time jobs in my spare time. The post had an ever victorious football team and naturally I was tagging along as the Doc. All the players were from the South Pacific, all had malaria and most of them had been wounded from one to four times. I was proud to tag along with such a gang. We Played junior college league and it was interesting to note that our gang, that had been killing Japs with their hands played a lot cleaner than the pure and unsullied children in the opposition.

Saw some action in China and that is a feat as there is but little of it to see out there. Was in Burma when Merrill's outfit moved in. This is the first medicine I have seen for two years. In China was teaching mule packing and the care and feeding of the Tommy gun. Was recommended for a "purty" for heroism in fighting a rear guard action but will no doubt end up by being fined for hunting without a license as a medico should shed comfort and not ammunition.

Age 8
Irma, Sam and I are living in a hunting lodge, seven miles from camp which is two miles from the border. Plenty of deer, quail, ducks and bass. Have an outboard and am able to get a lot done along those lines. Sam is a handy little kid, all army. He can make a dry camp in the desert, cook, shoot and do for himself better than most adults. We have a lot of fun.

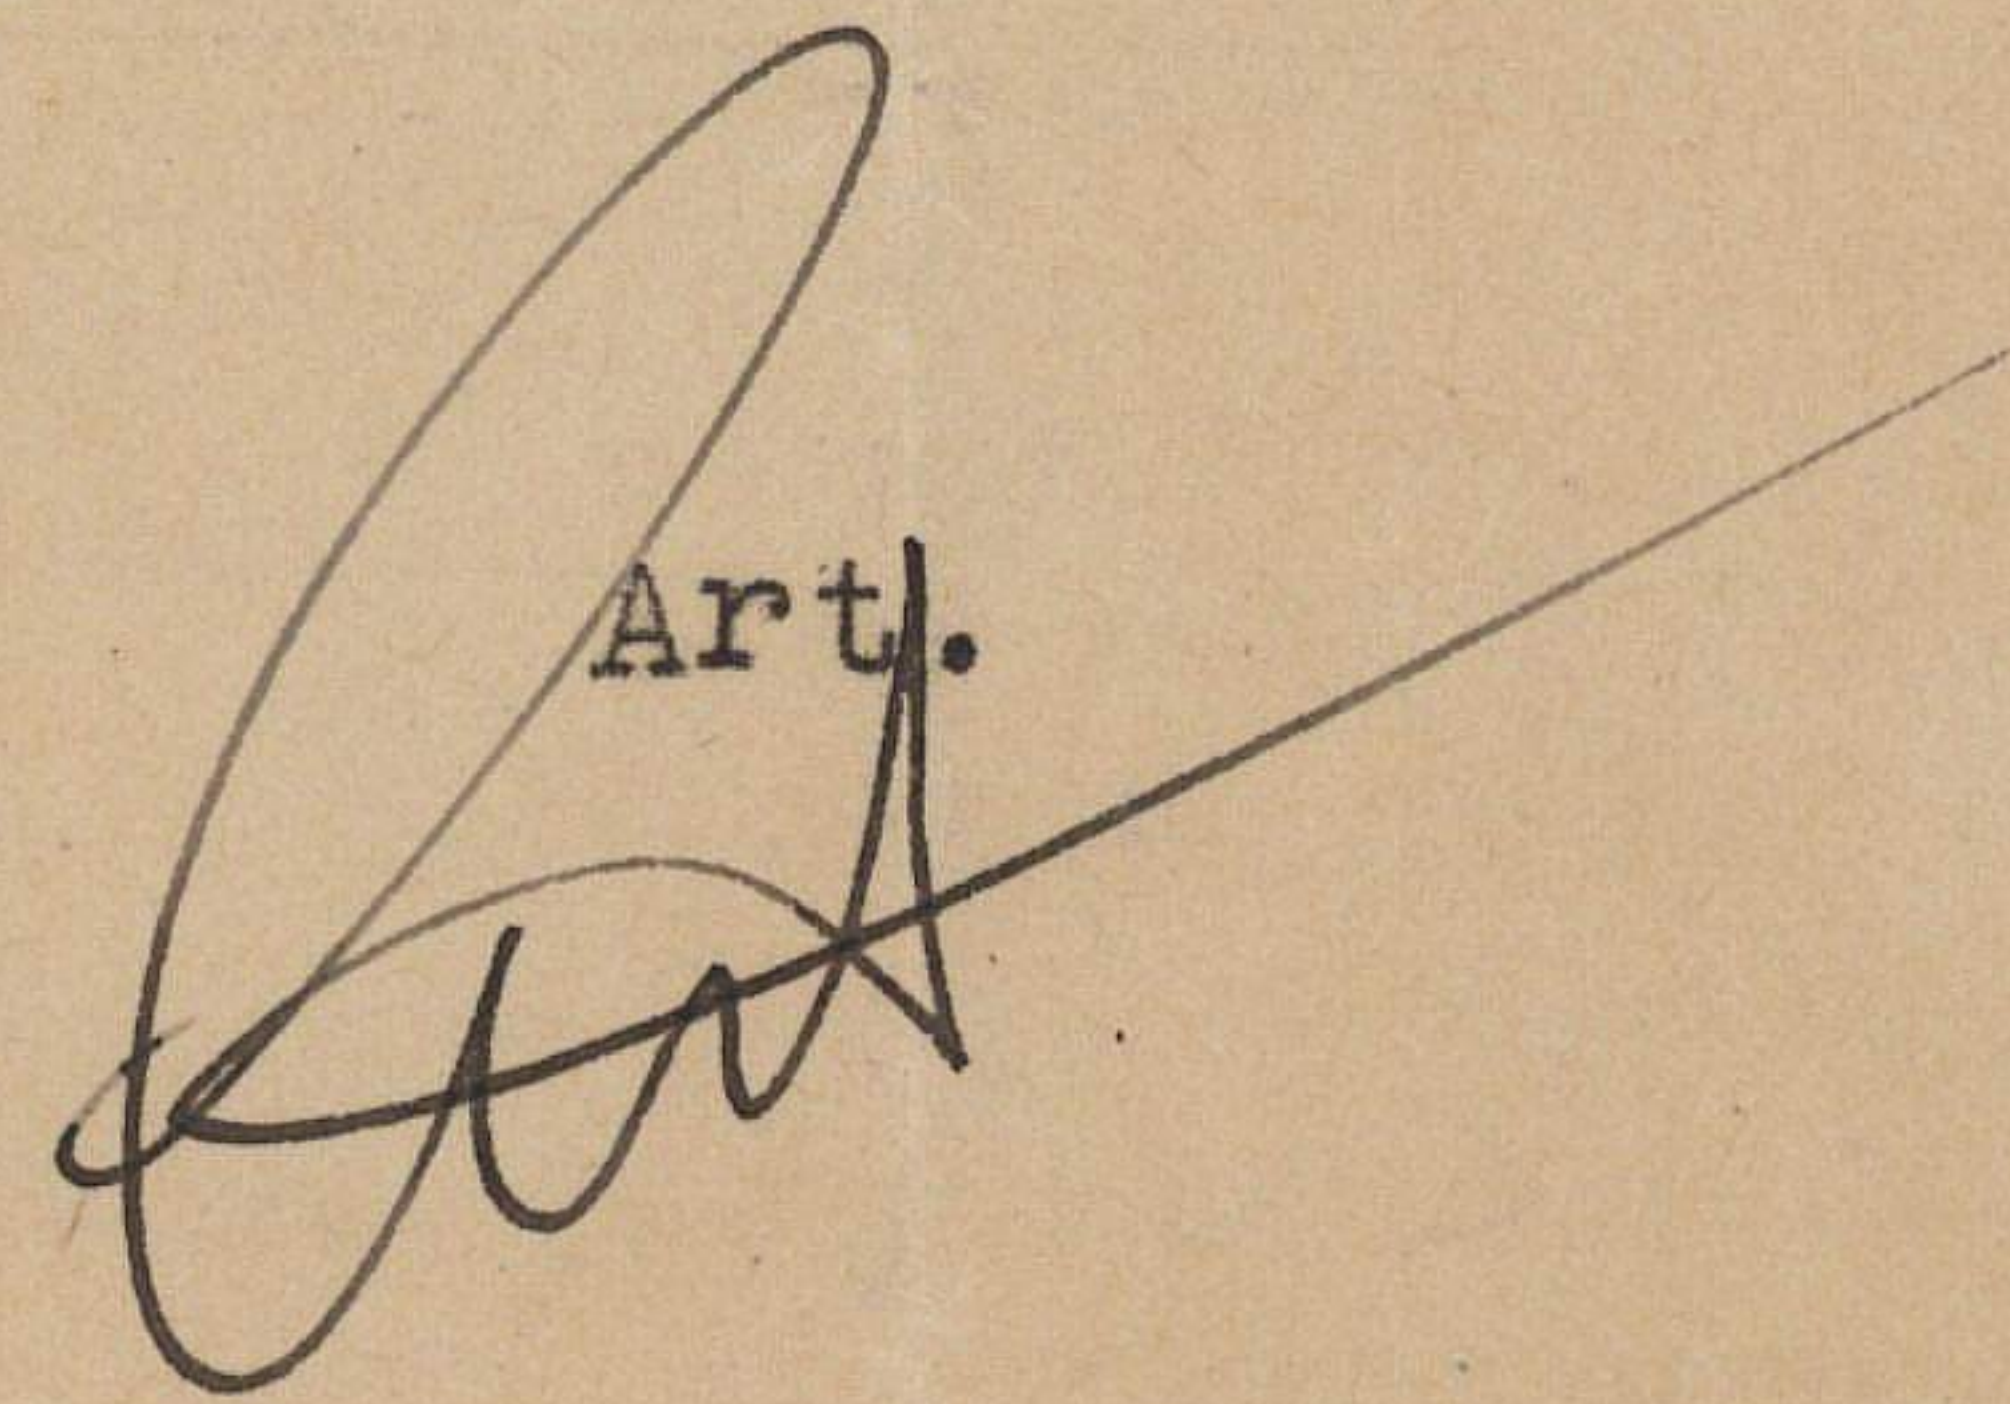

Schiller Shore, Major Inf. Is the only KU representative I saw in China. Came back from Panama with Capt. Bob Morrison we parted company in Boston.

Things are booming down here and will boom more when the Siapan casualties come in. There is a lot to be done yet and patching up the returnees will be a big job for some time to come.

Take care of things,

Happy New Year-

Art.

Dear Fellow Alumni:

For the first time in twenty-seven years -- my tenure at the University of Kansas -- can I faintly discern the green light for athletics.

With the coming of Ernie Quigley as Director of Athletics, came also an authorization from the Board of Regents for an aggressive athletic policy and a constructive football program that will win games, and not just build character. Ernie has already put vitality in the thing here. He has better-fed and better-clothed the athletes than has any other administration. He realizes that he must deliver the goods. But he has a grand opportunity to do it because of the low estate of the football team. We are working with him one hundred per cent, and we have confidence in his doing the job because he has many times overcome insurmountable obstacles.

Yours for a dominant and a winning Kansas football success!

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.
