

last year. My brother says he
would make any college ball
club. He plays at center, about
6' 4" tall, weighs around 175 lbs.
He's a graduate of Ellsworth
High School in '38.

Ramona, is a Class "B" school,
but they had a boy by the name
of Schubert. He's little over
6' tall, weighted about 170 lbs.
The smoothest player, I have seen
in a long time, good passer,
good shot, both long & short,
and the ^{most} clever dribbler.

I would be willing to
help you in anyway with
these boys.

Sincerely yours,
Ernie Vanek
