

February 2, 1939.

Mr. William Volker,  
230 Main Street,  
Kansas City, Missouri.

Dear Mr. Volker:

I desire to commend to you for your consideration Mr. Clarence Winslow, a senior here at the University of Kansas in the College of Liberal Arts and Sciences. Mr. Winslow will graduate with an A. B. degree this June. He expects to pursue the medical course after his graduation.

I have known Mr. Winslow since his high school days at Tonganoxie, Kansas. He entered the University as a freshman in 1935, and played on the freshman football team. In the two years 1936 and 1937 he played on the varsity football team and was one of her outstanding football men. He received an accident during the football season in the cervical region and was advised to give up the game the following year.

Clarence Winslow is a fine, clean, courageous type of young man. He is not a user of alcoholic beverages or narcotics in any form. As a student he is highly efficient, purposeful, and has a fine idea of his responsibility on the campus. He is a leader in the extra-curricular activities of the school, and in addition to this he has supported himself by clerkships in downtown stores and other activities where compensation rewarded his efforts.

I am very glad to recommend Mr. Winslow to you without reservation or evasion. We are very proud of such men as Clarence Winslow.

Very cordially yours,

Director of Physical Education,  
Varsity Basketball Coach.
