OFFICE OF THE DEAN

Dr. F. C. Allen
Department of Physical Education

My dear Doctor Allen:

In the more than twenty years that I have been at the University of Kansas we have never had a religious program or a week of religious emphasis which, in my judgment, compares in possibilities with the proposed visit of the University Christian Mission to our campus next fall from October 23 to 28. The University Administration is asking that this week be kept just as clear as possible of all other activities, and that we concentrate on this week of religious effort which will bring to our campus a team of national and international religious leaders.

The Chancellor has chosen an Executive Committee of twelve members, seven of whom are students, to look after the many details of the proposed program. This Committee met last Sunday, May 15, to choose the chairmen of the several committees which will be necessary. You have been appointed as co-chairman with Mr. Jim Haughey on the Special Group Meetings Committee.

It will be the function of this committee to ascertain the interest that special schools or groups of students would have in hearing speakers on the team who could benefit them. This will require your committee to find opportunities for contact with members of the team, to designate the times and places of actual meetings, and to assist in choosing the themes and speakers for those occasions.

During the next day or two we trust it will be possible for you to confer with Mr. Haughey on the selection of a tentative personnel list for your Committee, which should represent as far as possible all groups interested in the Mission.

All committee chairmen are asked to meet with the Executive Committee at 2:30, Sunday, May 22, in the Mathematics Office, Room 203, Frank Strong Hall, in order to definitely determine the personnel and the functions of all the committees. In case it is absolutely impossible for you to come to this meeting, will you please be sure that your co-chairman is present.

We thank you for your cooperation in this project, which has such great possibilities for the religious life of our campus.

Sincerely yours,

Paul B. Lawson

Chairman, Executive Committee
