Dr. A. J. Anderson,

Dear Dr. Anderson:

I have delayed a few days in telling you how very much I appreciate the wonderful thing that you and Dr. Esterly did for the basketball squad, but we do appreciate it none the less, I assure you.

I had hoped to get down to see you before now, but the next day after the banquet Mrs. Allen's father, who is quite aged and ill, required that we drive to Independence, Missouri, to see him. And then Mary came in with the three youngsters, and it seems like we have been continuously on the run.

So, until I have an opportunity to call on you and tell you how very much I appreciate this one of many, many kindnesses, I am

Sincerely and appreciatively yours,

Dear Mr. Boling:

I am returning herewith the Abdallah Shrine  
Jubilesta campaign material, No. 999, which was sent to  
Dr. Forrest C. Allen.

Dr. Allen has a great many speaking engagements  
during the next two months which will require him to be  
out of town. For that reason he feels he will not be able  
to give this material the proper attention.

Very truly yours,

Dear Noble:

The enclosed literature will explain itself. Your Temple, at a regular meeting, voted to hold this money raising campaign for the purpose of establishing an Activity Fund to be used by your Temple this year. In the past such campaigns have been conducted by an outside promoter. This one is Abdallah Temple's own campaign. All net receipts will go to the Temple. Through our own management we are able to give you and the public more value than in past similar campaigns.

Please read the plan and explanation carefully. Our merchandise is of the highest quality. WITH THE COOPERATION OF EVERY NOBLE THIS CAMPAIGN WILL BE A GREAT SUCCESS. This Temple has not asked this sort of cooperation from its members as often as many other Temples have, and it is the wish of the Committee that every Noble will cooperate to the fullest extent.

The Committee realizes that all who receive books are not ticket sellers. They ask, however, that you show the spirit of cooperation in such instances by placing your book with someone to sell for you. You know of someone who would thank you for the opportunity.

Your book sells for \$ 24.40. IF YOU SHOULD DESIRE TO PURCHASE YOUR BOOK YOU WILL RECEIVE ANY TWO OF THE ONE-BOOK ITEMS; OR ONE OF ANY TWO-BOOK ITEMS, WHICH ARE WORTH MORE IN RETAIL VALUE THAN THE PRICE OF YOUR BOOK. FOR INSTANCE ITEM NO. 30 HAS A RETAIL VALUE OF \$30.00, AND YOU WOULD BE PROUD TO OWN IT

SPECIAL AWARD! The Noble making returns for the greatest number of books prior to 7:00 PM March 20th will receive, as our special appreciation of his services, a check for \$ 25.00.

THE FIRST FIFTY NOBLES WHO MAKE COMPLETE RETURNS WILL RECEIVE AN ADDITIONAL BEAUTIFUL AND PRACTICAL GIFT.

ON YOUR TOES, NOBLE ! LET'S PUT IT OVER. DO THIS FOR OLD ABDALLAH.

Yours in the Spirit of the Shrine

Mr. Kenneth S. Adams,

Dear Friend Boots:

I acknowledge with pleasure your good letter which came several days ago. I have been on an itinerary of speaking dates for basketball championships in which I absorb an abundance of chicken pie, and so forth, at these dinners. I do not know whether the chicken pie was hard on the oratory, or whether the oratory was hard on the chicken pie. Anyhow, I am always glad to get through with such heavy assignments.

The past six days I have traveled 2400 miles, kept to my office here every day, driving back in the wee hours of the morning, so you see I have been on the go.

By the way, Fred Pralle came by the house the other evening together with Tom Pickell, Babecek, Ray Ebling and Harold Schmidt, and I believe we did a pretty good job of selling Fred on the importance of lining himself up with your corporation. I sincerely trust that he will have a fine future in business, as he has had in his athletics. He is a great boy and very worthy. I am sure that the benefits to both parties will be reciprocal.

If at any time I can be of any service, please command me. I imagine Ray Ebling and Harold Schmidt will tell you that I tossed some large bouquets when I talked to them regarding the corporation's friendliness, efficiency, and definite progress.

There is one young man in whom I am especially interested here, Boots, and that is Elwyn Dees. I wrote you, telling you of his oil interests and so forth, and if you will pardon me for again bringing up his name I think you are missing a great bet not to have him down there as your trainer. He is a college graduate, one of the most capable and earnest fellows that I have ever met. He has taken care of the varsity basketball team for the past three or four years, and I attribute much of our success to the fine way he takes care of the boys.

He is well fixed financially, but he wants to get lined up in the oil industry. He could fit into any job that you have at the plant, and his training would not take any more time than does coaching or playing on the team.

In other words, I am trying to get you to give Elwyn Dees a job. He is married, and has absolutely no bad habits. He is the National Interscholastic Shot Put Champion, and in my opinion you certainly couldn't make a better acquisition, if you could find a place for him. I know a lot of fellows feel that a trainer is not necessary, that if the boys get hurt you can take them to a doctor. This year and last year Schmitt brought the boys here to get fixed up. Tom Fortenberry, Bug Browning, Ray Ebling, Jay Wallenstrom and Chuck Hyatt were the boys that were in bad shape. Of course, I did some of the work, but Dees and I took care of the fellows and put them in tip-top shape in very short order.

If I were assembling an aggregation such as you have with championship possibilities I would certainly not miss an opportunity to get Elwyn Dees. It wouldn't take a swell job to entice him because he is looking to the future. At least, I wish you could see him and talk with him. He would either come down there, or if you are in Kansas City some time he would meet you there. Won't you at least have a conference with him on my account? I want you to meet him.

With every good wish, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

Dear Friend Boots:

Thank you for your very good letter of the 22nd instant. I can appreciate the necessity of curtailment. I was just wanting to tell you about a corking good trainer that would be the cause of your winning perhaps 20% more of your games than you are winning. I know what an efficient trainer can do with an outfit, and Dees can really do it.

Now, regarding Ray Ebling. I am very happy that Ray is meeting your expectations, both as to his athletic talents and his contribution in a business way. There is no better boy in the country than Ray Ebling. He is loyal, courageous and efficient. He has no bad habits. What more could you ask of a boy, either for your son or for mine?

Fred Pralle is another chap who is a swell fellow with a fine mind, a great physique, and a loyalty that is unsurpassed. The first thing that I ask of my boys is loyalty, and Pralle has got that 100% bulging out all over his physique. He doesn't know how to be crooked. Ray and Fred would make a great pair of buccaneers.

It was a great pleasure to cooperate with your Mr. J. W. Mitchell, in Kansas City. I am always happy to be of reciprocal benefit to you two fine fellows, and I believe Dr. Harrington believes it has been very reciprocal. He is very highly pleased with his contacts with Mr. Mitchell.

Yes, I did get back home in time to visit with Mary Louise when she spent Sunday morning with Eleanor. We had a dandy time in the Allen household and we recalled many pleasantries that all of us experienced at Lake Maxinkuckee. We trust that Mary Louise can come again. Eleanor and she seemed to have a swell time.

We missed you at Norman. In fact, we looked for you because we were going to ask you to sit on our bench like you did when the ever-victorious outfit took them down there.

With kindest regards and best wishes, I am

Sincerely yours,

Dear Friend Phog:

Am sorry for the delay in answering your letter regarding Mr. Dees, but have been waiting until I could get in touch with Harold Schmidt, who has been on a trip with his team, and just saw him this morning.

Just at this time, I do not feel we can place Mr. Dees in our organization. Conditions in the oil industry are not any too good and we have been curtailing our operations throughout our entire company. Rather than adding to our forces we have had to lay off several hundred men. It may be that sometime during the year conditions will right themselves, which we feel they will no doubt do sooner or later, and we can then work out something which would be of interest to Mr. Dees.

Ray Ebling is working out fine, not only as a member of our team, but is certainly doing a swell job in our Tax and Insurance Department. He is industrious and a hard worker, and we feel greatly indebted to you for his background. Was talking to Ebling the other day about Pralle; what type of an individual he is, what his background is, etc., and Ray spoke very highly of him.

I want to thank you for the assistance you have given Mr. J. W. Mitchell, in Kansas City, regarding Dr. Harrington. Jeff advised me he is very greatly pleased with his work.

I do not suppose you were back home when Mary Louise spent Sunday morning with Eleanor, but I know they had an enjoyable time, for they had such a nice time together last summer. I had hoped to get down to Norman to see the game, but I could not make it. I certainly take my hat off to you and the boys. You have a perfect right to stick your chest out and brag a little now and then.

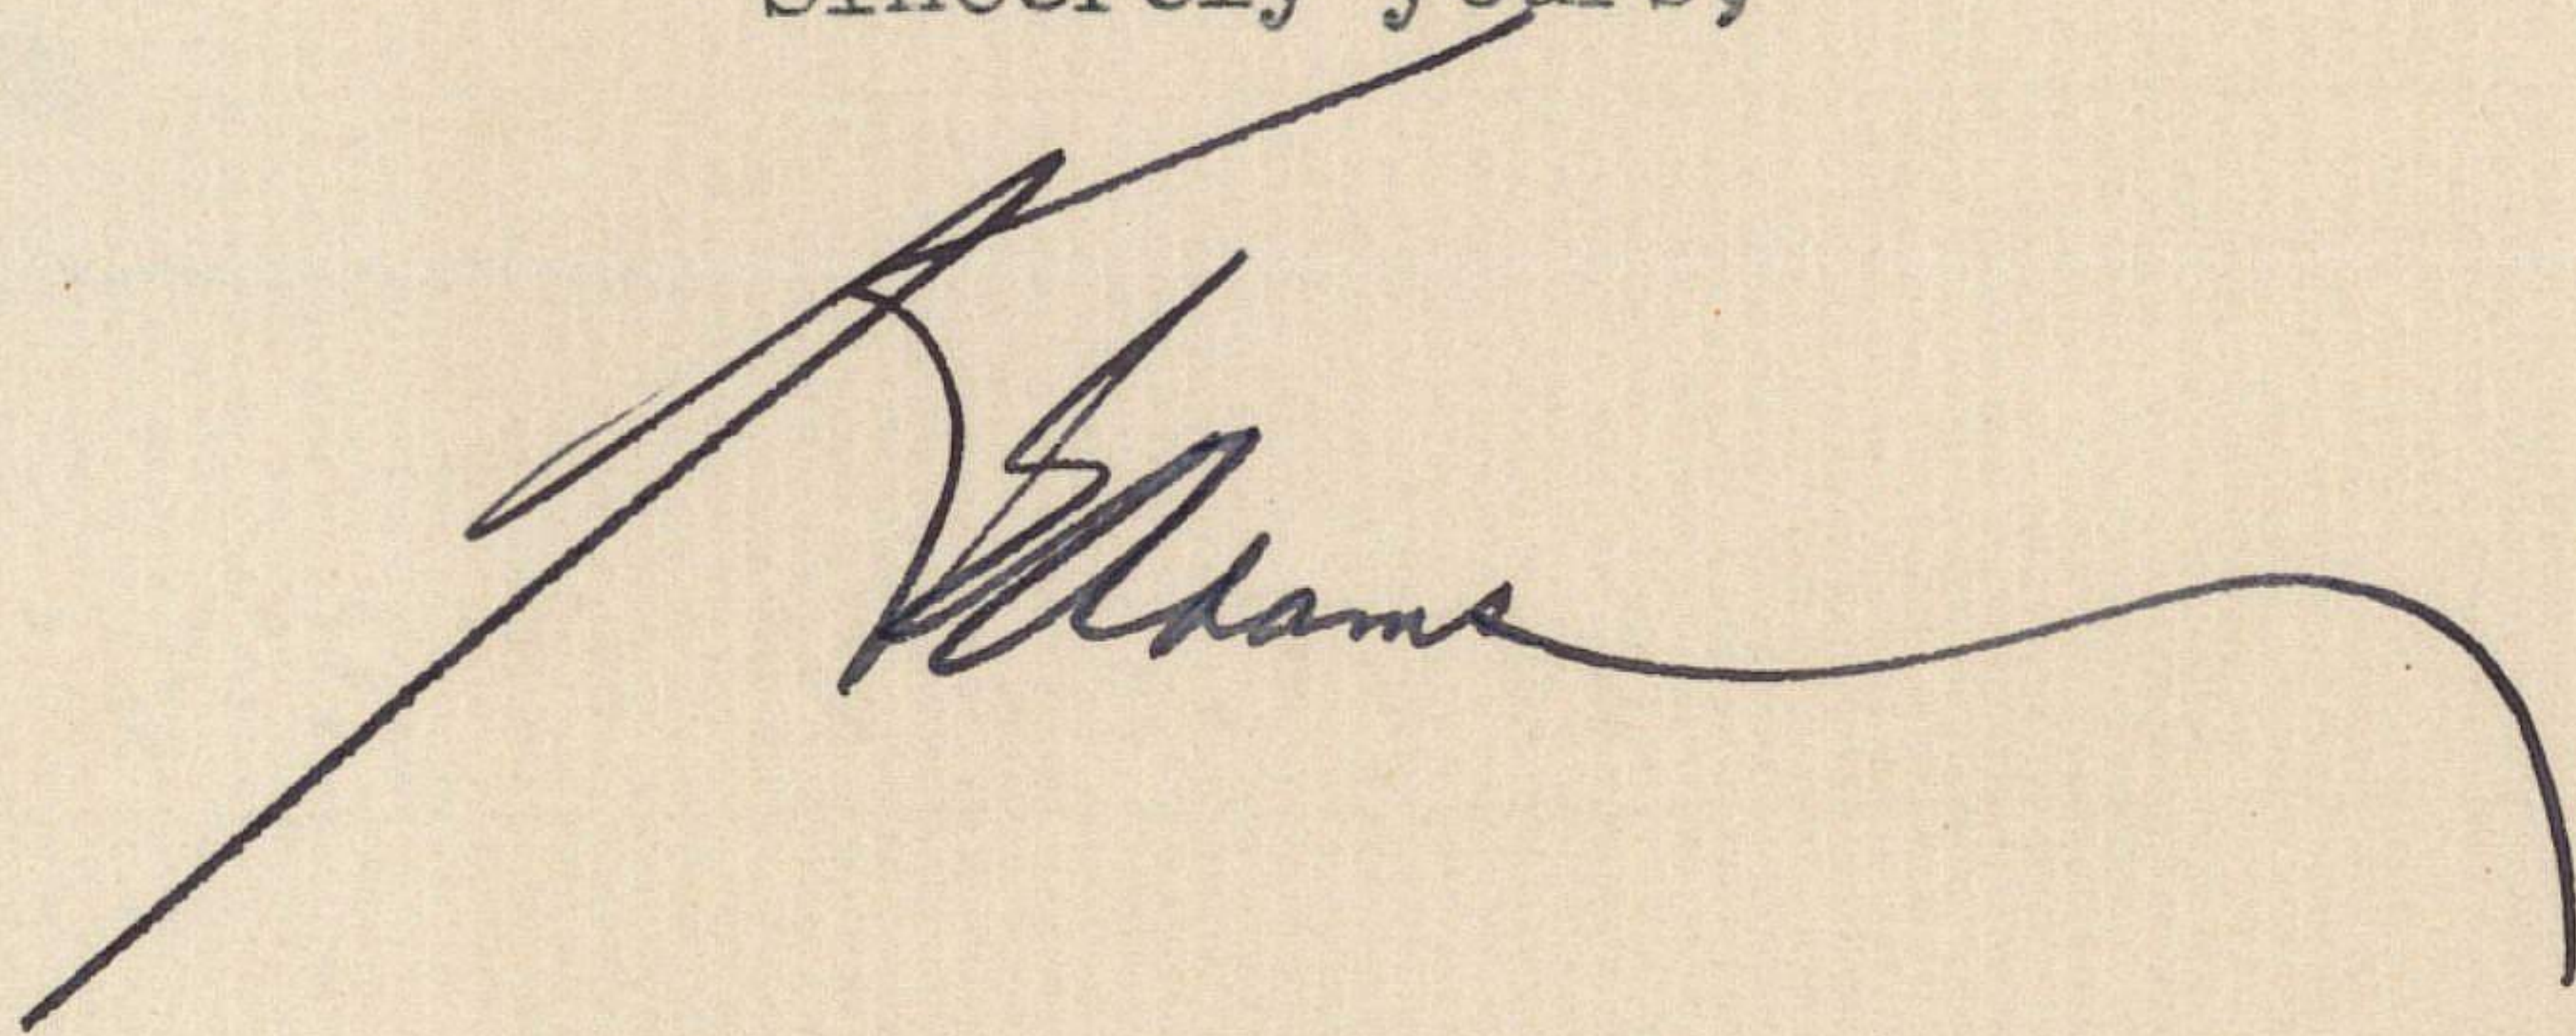

Dr. Forrest C. Allen - Feb. 22, 1938 - page 2

I want to take this opportunity to thank you and our many friends there for all the favors you have extended to us.

With kindest personal regards, and with best wishes for your continued success, I am

Sincerely yours,

Dear Michael Fennimore:

One of my good friends, J. E. "Ira" Henry, manager of the Coates House in Kansas City, mailed me a check asking if I could get him a couple of good tickets for the Kansas State-Nebraska game at your place. I estimated the tickets would be \$2.25 plus 15¢ for mailing charges, which would bring the total to \$4.65.

Will you kindly mail Henry these tickets when yours come in? He, of course, would appreciate any courtesy regarding location that is possible for you to give him.

This gives me an opportunity to write you the letter that I have been planning to write for several weeks. I am writing Dr. King along the same line, and I was wondering if it would not be possible on the date of our game here, November 13, for you and Dr. King to come down early in the morning and have a nice 18-hole match the morning before the game.

We could arrange to get a hasty luncheon after the 18 holes and arrive at the game in plenty of time for you to take care of any preliminaries that might be necessary. I will endeavor to pick up a golfer that we could have a lot of fun with. That is not said facetiously because I know when you and Dr. King play we have got to be good or else you will have fun with us.

I will be happy to hear from you. I assure you it would be a pleasure to have both of you down as my guests.

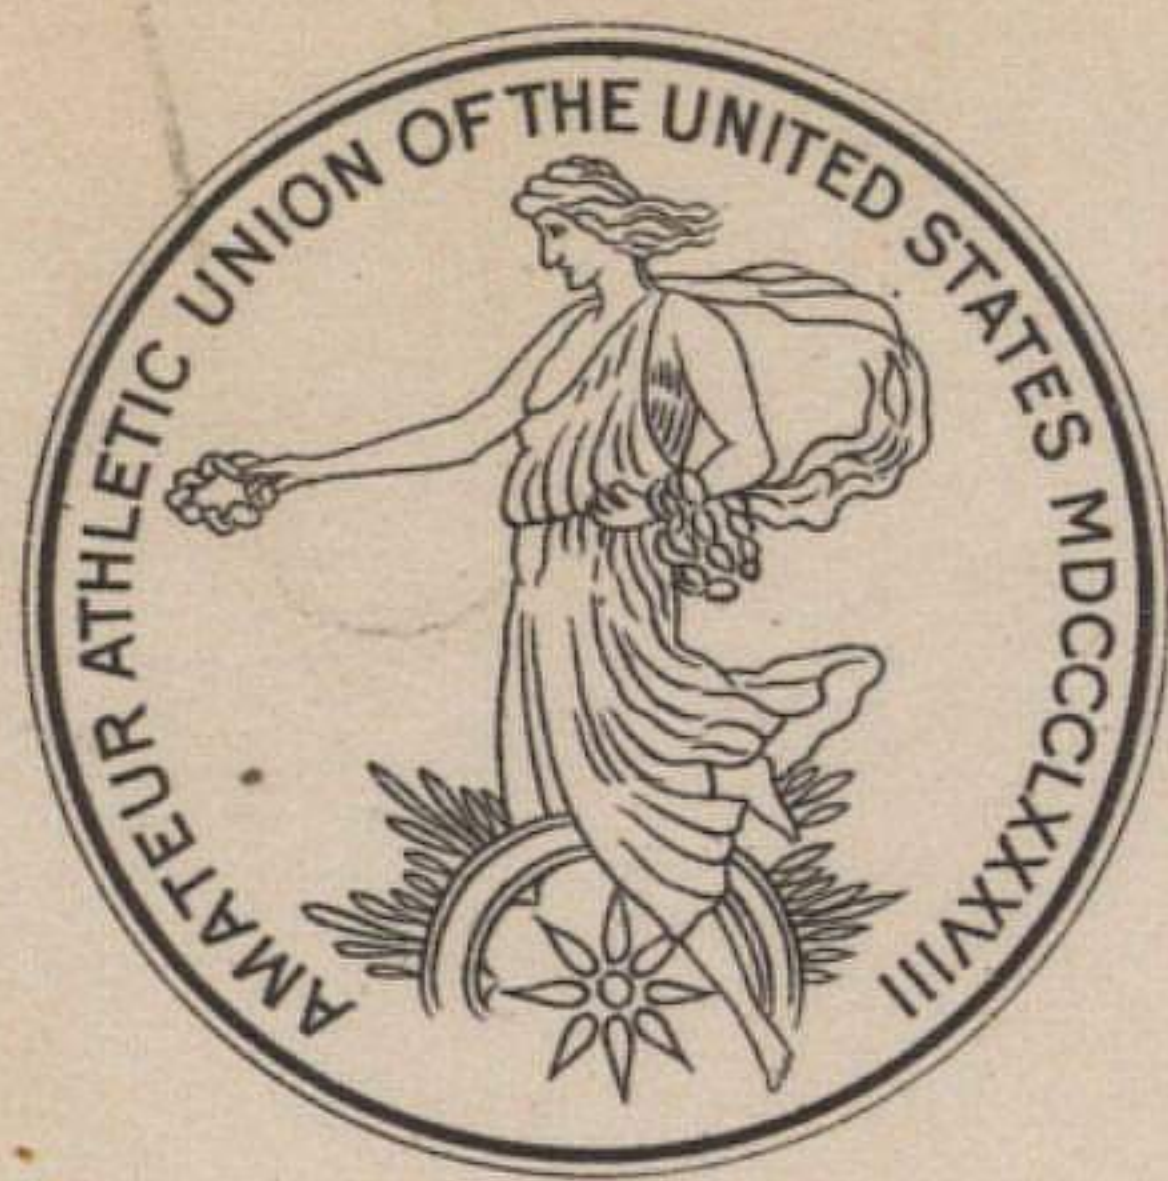

With every good wish for your continued success, I am

Dear Sir:

Once again the time has arrived for us to canvass the United States and determine the athlete of this country who, by his performance as a competitor and by his example and influence as an amateur, did most to advance the cause of sportsmanship during the year 1938, and, therefore, entitled to the James E. Sullivan Memorial Trophy.

You are one of the 500 outstanding leaders of the world of sport, selected from all sections of the United States, who are being invited to serve on the Tribunal to decide the athlete to receive the award for 1938. Will you serve as a member of this Tribunal?

If you agree to act, and we hope you will, please send at your earliest convenience and not later than November 1st, the names of not exceeding three competing athletes or active sportsmen or sportswomen, who in your opinion, are entitled to consideration for this award. IT IS VERY IMPORTANT THAT YOU STATE THE REASONS WHY YOU BELIEVE YOUR NOMINEES ARE ENTITLED TO CONSIDERATION. Acts of sportsmanship, excellence of performances, strength of character, qualities of leadership, force of personality, and high ideals of amateurism should be taken into consideration in making your nominations.

In the past many members of the Tribunal made their choice on athletic ability and popularity which came through wide newspaper publicity. Please do not vote on athletic ability only. If you do not know your nominees personally please refrain from submitting such names. Good character, sportsmanship and high ideals of amateurism are as important as athletic ability. If you know of any reason why some outstanding candidate should not receive the award, please send the information to me. The source

will not be divulged. In voting this year will you please give the information requested below:

1. Athletic performances and ability:

- a. How long has the athlete been in competition?
- b. In what sports or games?
- c. With what success?
- d. Has he upheld the amateur code?
- e. Has he acted as a true sportsman, being modest in victory, courageous in defeat and considerate of other contestants?

2. On basis of your candidates character, manliness, leadership, and general helpfulness to the community in general and the cause of amateur athletics in particular:

- f. Do you know your candidates personally?
- g. For how long?
- h. State qualities which indicate potentialities for success as a leader and force for good in the community.
- i. What have your candidates done to have you believe that they possess qualities of leadership and are of a good influence in their community and helpful to the cause of amateur sport?
- j. Enumerate acts of sportsmanship.
- k. If you believe they possess high ideals of amateurism, state why you have reached this conclusion.
- l. State specific acts of candidates which you believe would merit the award.
- m. State vocations your candidates are now engaged in.
- n. What are their avocations, if any?

We trust that you will act on the Tribunal. May we receive your nominations at an early date or not later than November 1st.

Very truly yours,

The social science courses which will go to make up your teaching will include: Social Science Survey, five hours; history, five hours; and ten other hours selected from the departments of history, political science, sociology, and economics. If you wish to teach social science, it would be better for you to concentrate on the history and political science courses than on work in the other two departments.

Mr. Pierre Anderson

My dear Mr. Anderson:

We have your letter concerning enrollment in our four year physical education course and wish to assure you that we shall do everything in our power to make your work pleasant for you here.

If Mr. Festa sent your high school transcript to me, it had not reached me at the time your letter arrived. He may, of course, have addressed it to the Registrar of the University; that is where I shall send it when it does arrive. The Registrar must pass on your entrance.

I feel reasonably certain that the work you have done in Congers High School will satisfy our entrance requirements, which are stated on pages sixteen and seventeen of the University catalog which I am sending you under separate cover.

We are asking Mr. George O. Foster, University Registrar, to drop you a note when your high school record reaches him so that you will be sure that your entrance is clear.

Mr. Robert Fullem will be enrolled in many of the same classes with you. On page seventy-nine you will find the courses listed in which you will enroll during the four years of your college work. Both you and Mr. Fullem will be enrolled in Social Science Survey (five hours, instead of four as the catalog states), Personal Health, and Physical Education 3M. You may or may not be in the same rhetoric class. If you choose the same elective course, it is all right; that depends on your own wishes.

I should be glad to have you come to my office as soon as you reach Lawrence so that, if there is any way in which I can help you make adjustments, I shall be able to.

Dear Mr. Anderson:

I ask your pardon for the delay in replying to your inquiry of June 28. I am glad to know that you are interested in our Department of Physical Education.

In reply to your question, your biological science requirement will be met by your subsequent courses here at the University - physiology and anatomy. I believe you would encounter no difficulty in enrolling here.

I would suggest that you write to Dean Raymond A. Sebsegler, of the School of Education, for any further information which he would be able to give you in regard to your enrollment. It will be necessary for you to send an official copy of your high school transcript prior to your enrollment in the fall.

If we can be of any service to you, please call on us. I trust that I have given you the information desired.

Dear Sir:

Am interested in enrolling in the Physical Education course offered by the University of Kansas. Have studied the requirements of the course and find that I lack Biology. The Congers High School, of which I am a graduate, does not offer Biology. However, have taken and completed a course in Chemistry. Was advised by a member of the faculty of this school to ask if it would be possible to substitute Chemistry for the Biology which I had no chance to take. Will you kindly write me and let me know if this is possible?

Have, altogether, sixteen regents units to my credit in my high school course. They include:

- 4 Units of English
- 5 Units of Language  
(2 in Latin and 3 in French)
- 2 Units of Science  
(General Science and Chemistry)
- 3 Units of History  
(Histories A, B & C)
- 2 Units of Mathematics  
(Algebra and Plane Geometry)

Also, will you please inclose, in addition to your answer to my question, an application blank for entrance to the Physical Education course and any other material that you feel might be helpful to me?

Thanking you in advance, I am
