Denver, Colorado

Dear Mrs. Uhrlaub;

I have carried your letter of January 15 on my desk promising myself everyday that I would take care of this detail. I am sure that in your anxious moments you have wondered if friends were really worth anything after all. Ever since your lady friend came from Salina and told me the truth of the situation, I have wanted to help your children. If there is any way that I can help make it easier on you in your struggles to educate yours and Dutch's children I want to do so.

I am enclosing a carbon copy of a letter that I have written to Mr. Alston McCarthy, asking friendly cooperation from him in your behalf. He is a grand gentleman and I am very sure that with his many many friends in Denver he will be able to do something for you that you will feel is done as an old friend of the University of Kansas.

You will be surprised to find the loyalty that exists among the University of Kansas graduates and former students.

Won't you write me occasionally and let me know how you are progressing? I am so sorry for the long delay but I simply could not stretch my days out into hours long enough to get the things done that I so desired.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball and Baseball Coach
