Dr. Forest C. Allen
Physical Education Department
University of Kansas

Dear Dr. Allen:

Words cannot express my appreciation for the time and concern you have given my daughter, Jerry, in the past four years.

Realizing a man of your ability was heading the Department of Physical Education we placed all confidence in you, knowing that under your supervision Jerry would develop to her fullest capacity.

As our family has resided in Lawrence for sixty years we have watched your progress with interest. "We have been and are behind you 100%!" I have always admired your physical and health habits and was happy to have such a person setting a goal or ideal for all to achieve, not only my daughter.

With kind personal regards, I remain,

Very truly yours,

John Allen
