Mrs. Vernadine Uhrlaub  
1029 East 17th Avenue  
Apartment #6  
Denver, Colorado

Dear Mrs. Uhrlaub:

I have just written a letter to Mrs. Frederick and I am sending you a carbon copy of it.

Dean Walters of Denver University is a particular friend of mine, as well as Willard M. Greim of the public schools. I also have many other acquaintances in Denver, and if you think of any way whereby I could help you in your predicament by either obtaining a better position for you or perhaps securing aid for Jimmy in the way of medical care that he might need, or a job, please write me and I will do everything that I can.

I want you to know that I have no friendly feeling for Ernst and the way he has done. Certainly he is not shooting square.

If you will write me I will be glad to help you.

With best wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation
