AND DATE OF THIS LETTER

March 20, 1940

r
DIRECTOR OF PHYSICAL EDUCATION:

L
Dear Sir:

The Commission is planning to announce in the near future an examination for the trainee positions of student physiotherapy aide at the Army Medical Center (Walter Reed Hospital) in Washington, D. C. These positions were formerly outside the classified service and were therefore not filled through open competitive civil-service examination. They have now become subject, under Executive order, to the civil-service examination requirements.

The Commission would appreciate it greatly if you would bring notice of this approaching examination to the attention of your graduating students who will complete, or have completed, a full four-year course leading to a bachelor's degree with major study in physical education. The examination announcement will contain the specific requirements. Copies will be sent to you as soon as they are ready for issuance.

By direction of the Commission:

Very respectfully,

Wm. C. Hull
Executive Assistant
