

November 10, 1945.

Mr. James C. Tibbetts,
The Platte County Gazette,
Parkville, Mo.

Dear J. C.:

Thank you very much for your splendid letter. You more than repaid me with your kind words. I feel as if I would want to send this one dollar back to you because I had no thought of charging postage for you or your son. However, I will put this in the stamp fund and will continue to send you and your son the Rebounds when and if I get the next one out.

I am swamped with details and I have got to write a Country Club letter and a Victory Bond appeal to our good people here at K.U. I am chairman of the K. U. drive for the Victory loan, and have just finished the War Fund and Community Chest drive. So they keep me hitting the ball.

I will see that L. N. Flint gets your check and I know he will deeply appreciate it. I will say a word to him regarding that son of his that called on you. I know how much joy it would have given you to have found a house for him, but those things are scarcer than hen's teeth.

I will always remember my visit at Parkville and the fine work you did for the banquet.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
