Miss Alma Truskett
Neal, Kansas

Dear Miss Truskett:

I want you to know how much I appreciate your culinary skill by selecting for me the most wonderfully delicious lemon pie. You very definitely passed on to my good friend, Superintendent McCall, that raisin job. I will admit by comparison the lemon pie would have won ten to one.

Therefore, I am thanking you for feeding the undernourished and if at any time I can reciprocate your kindly favor, please feel free to ask me.

I enjoyed my visit in your very friendly little community, and I wish for you all the success and happiness in the world.

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.
