Mr. George Trombold
Boeing Airplane Company
Wichita Division
Wichita, Kansas

Dear George:

I have just talked with Jim Hitt, who is our present registrar. I read him your letter over the phone and he asked that I send it to him at once. You will hear from him and I think he will make you happy with what he writes. Jim states that he knows you very well and the reason he is writing you first is because he does not have your brother's or your nephew's address.

I told Jim that I was much interested in your nephew's coming, not only on account of his fine academic record, but also on account of his fine scholastic record.

I am wondering if this is Buck's boy? If it is, it causes me to soliloquy "My, how time flies."

It is good to hear from you, George, and it was splendid to see you and meet your fine son. I got a great thrill out of it, also.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
