

probably remember him for he was up there at the U. Relay in '40 shooting baskets. We have played a lot of basketball on a outside court since we have been here.

Tell Bob "hello" for me when you see him. I guess he is on Kansas soil now finishing up his medical work. I hope this letter find you and Mrs. Allen in tip top health. Tell "Yes" and Mr. Shenk "hello" for me too.

I guess you are up to your neck in work now and with basketball coming on you'd be all the busier. I wish you all the luck in the world this season and I feel safe in saying that I know you'll keep K. U. on top.

It's time for drill now so will have to close now or go on report.

Sincerely yours
Paul
