

March 21, 1944.

Mr. John H. Tucker,  
Barracks 10,  
Sunflower Ordnance Works,  
Lawrence, Kansas.

Dear John:

Thank you for your very good letter of some time ago calling attention to the possibility of erecting a fire-proof building which would be ample for a historical building as well as the American Legion and for other soldier or veteran organizations.

Doubtless they will build a city hall building some time soon and all of this can be built under one roof. At any rate, I thank you for writing me. I am just one of the Legion boys trying to work out something for all concerned, and I trust that we may have good luck in doing so.

With all good wishes, I am

Sincerely yours,

FCA:AH

Director of Physical Education,  
Varsity Basketball Coach.
