

UNITED STATES NAVY

6 April, 1944

Dear "Doc",

I'm pretty anxious to receive your latest edition of the "Jayhawk Rebound" and find out how all the boys are doing. I think I would be pretty safe in saying that they are on top no matter what they are doing or where they are. If all the men could just be Jayhawkers, this war would soon be over. How about that? Of course they would have to have a little of Dean's fight or they would be sunk.

I sure did enjoy my visit back to Mt. Arad. It just made me all the more determined that I wanted to come back. I had a fourteen day leave, but where all those days went I do not know. It hasn't been long, but I'm sure ready to get back for a few more, but better than that "for good". We all are though, that's just exactly why we'll come out on top too. I'm sure that boys like "Knut" and "Tepee" will be there when
