

TOM TWYMAN, M. D.
MEDICAL ARTS BUILDING
NORTH SIDE SQUARE
INDEPENDENCE, MISSOURI

October Twentieth
1942

Assistant Dean Ulmer,
College of Liberal Arts
University of Kansas
Lawrence Kansas

Dear Sir:

as I wrote you, my son, Thomas C. Twyman returned home from the University the night of Oct. 9th 1942 and was in bed at home until October 13th 1942 when he was placed in the local hospital under the care of Dr. Charles Grabske. he was removed home Friday evening and has been in bed until today under Dr. Grabske's orders.

He is planning to return to school Wednesday A.M. and try and make up his lost work.

I wanted you to know that he had not been absent upon trivial illness.

Sincerely,

Tom Twyman M.D.
Tom Twyman M.D.

Dr. Forrest C. Allen
Dear Phog:

I am mailing you a copy of letter sent to Dean Ulmer.

Tom probably escaped a pneumonia on administration of Sulphadiazine but has been quite ill and ataxic as result of the Sulpha.

Thanks for the letter old man.

Yours,

Tom
