Dear Mr. Allen:

I want to take this opportunity of sincerely thanking you for the splendid cooperation you have given The Salvation Army and myself during our short sojourn here in Lawrence.

In my estimation there isn't a town in the state of Kansas which has an Advisory Board equal to the one which Lawrence proudly boasts of and may I assure you it is with deep regrets that I write this letter bidding you adieu.

It has been a pleasure to me to have lived and worked here in this community, however I am certain that what I am to lose the incoming officer will gain and I know that he too will receive from you the same cooperation I have had.

Thus goodbye and may God richly bless you, I remain,

Sincerely yours,

Hugh Turner
