Mr. George Trembold,  
Personnel Director,  
Boeing Airplane Co.,  
Wichita, Kansas.

Dear George:

Thank you for your letter of the 1st instant, enclosing application blanks. I have called Ray Williams, asking him to fill out one of them for you.

Kappelman left for Oakland, California, where he is going to work in the shipbuilding yards and play Sunday ball.

The first time I get to Wichita I will not fail to stop by to see you. As you know, I am kept pretty busy with my teaching in the mornings, basketball practice in the afternoons, and speeches out over the state. I just can't get away from town unless I am called. But sometime when I am called to Wichita I will come in to see you.

Very sincerely yours,

FCA:AH
