Professor A. H. Turney,
121 Fraser Hall.

Dear Professor Turney:

When I read in the Kansan the announcement of Dr. Riedel's pictures concerning venereal diseases I determined that I would ask my class members to make it a point to attend the meeting. I was very happy to learn that most of them have classes with you also, and that they were planning to go.

We are calling special attention to your letter of the 9th instant announcing the time and place of the meeting. I feel this is a very important meeting and I am sure you will have good attendance. I plan to be there.

Sincerely yours,
