Dear Uncle Phog -

Thanks a million for the Rebound. Words can't express what a fine thing you are doing for the man in the service. It is one of the finest examples of morale building that I know of.

I finished my indoctrination at Hollywood & have been here at Harvard since Oct 1<sup>st</sup>. I am taking a 4 months course in Combatant Communications. After we leave here, we will be sent directly to the fleet as a communications officer. It's a mighty fine billet.

I am thoroughly in love with Harvard. The Navy has almost taken it entirely over but there still seems to be some of the old Harvard tradition left. I know my experience here will be long remembered.

I cannot say how I felt when I heard of T.P.'s death. He certainly was one fine boy & one that many will long remember. My time is limited (by the authorities) but I wanted you to know how I appreciated the Rebound. Thanks a million. Give Aunt Bess & the family my personal regards.

Affectionately,

Frank
