

July 29, 1938.

Mr. F. B. Toalson, Principal,
Dodge City Senior High School,
Dodge City, Kansas.

Dear Principal Toalson:

I have been informed that Miss Irene Moll, one of our majors and a graduate this spring, has made application for a position in the Dodge City schools.

During the spring I wrote to Mr. H. E. Chandler, the chairman of our placement bureau for teachers, as follows:

"Miss Moll has fine qualities of character, personality, and ability to present her subject. She is attractive, cooperative, and I believe she will be very successful in her teaching."

Miss Moll is a Lawrence girl, and a splendid young woman. I have known her for several years. She has been splendidly trained and has a fine sense of balance. She is clean, capable and courageous. I would be pleased if you would give Miss Moll your deep and careful consideration when you select a physical education teacher for your school.

We have had a great time with the principals and superintendents in the School of Education this summer. We had a six-team softball league, and had a lot of fun. We used the Big Six school names for the various teams and it went over big. The Jayhawkers lost their first game and then went out to win nine straight, like the basketball team did last winter. And they won the championship, winning their last game against the Tigers, just in the same way the basketball team performed.

Buller and Caldwell each captained a team in the league and their fine sportsmanship and congeniality lent much to the good fellowship that was exhibited all through the league race.

I am counting on having many pleasurable contacts when I come out for your tournament two of the three days, January 26, 27, 28. When the time gets a little closer you can let me know which of the two days are the most important, and I will endeavor to spend as much time with you as possible.
