Mr. Forrest C. Allen, Director
Physical Education,
University of Kansas,
Lawrence, Kansas.

Dear "Phog":

I was glad indeed to hear from you again, for it has been quite sometime since I have seen your signed name at the end of a letter.

I, too, am very pleased over Red's election. I am darn certain that he will give the Association a real year of administration and personal interest. Of course this situation has its dark side. I was at Red's place at Hutchinson, and his farm home, last Thursday and Friday, and he had been rubbing it in on me because you may recall a few years ago I was candidate for Director of the Association and was ignominiously defeated. Anyhow, I think I was second of a field of four, which was O.K.

I have not been at Lawrence as frequently recently as I used to be when I was trying to save the Brynwood Place for the Acacias, and when I had two boys in school, and whereas Brynwood is lost or losing and I have only one boy left in school.

I expect to be down there on the 9th of July, but my few trips all seem to be hurried. I would certainly like to see you and have a good old visit, and am sure we can do that some time.

With best wishes, I am

Yours very truly,

Ray G. Tripp
