Dr. Forrest C. Allen: Head Basketball Coach, University of Kansas, Law rence, Kansas.

Dear Doc:

I saw Harry Lamprich the other day, and he tells me that he will more than likely enroll at Norman this Fall.

Whether he and Bob Patterson still have the same intention of going to school and living together, I don&t know. Patterson has been away from Tulsa practically all summer attending tennis tournaments--no doubt you have been following him through the papers.

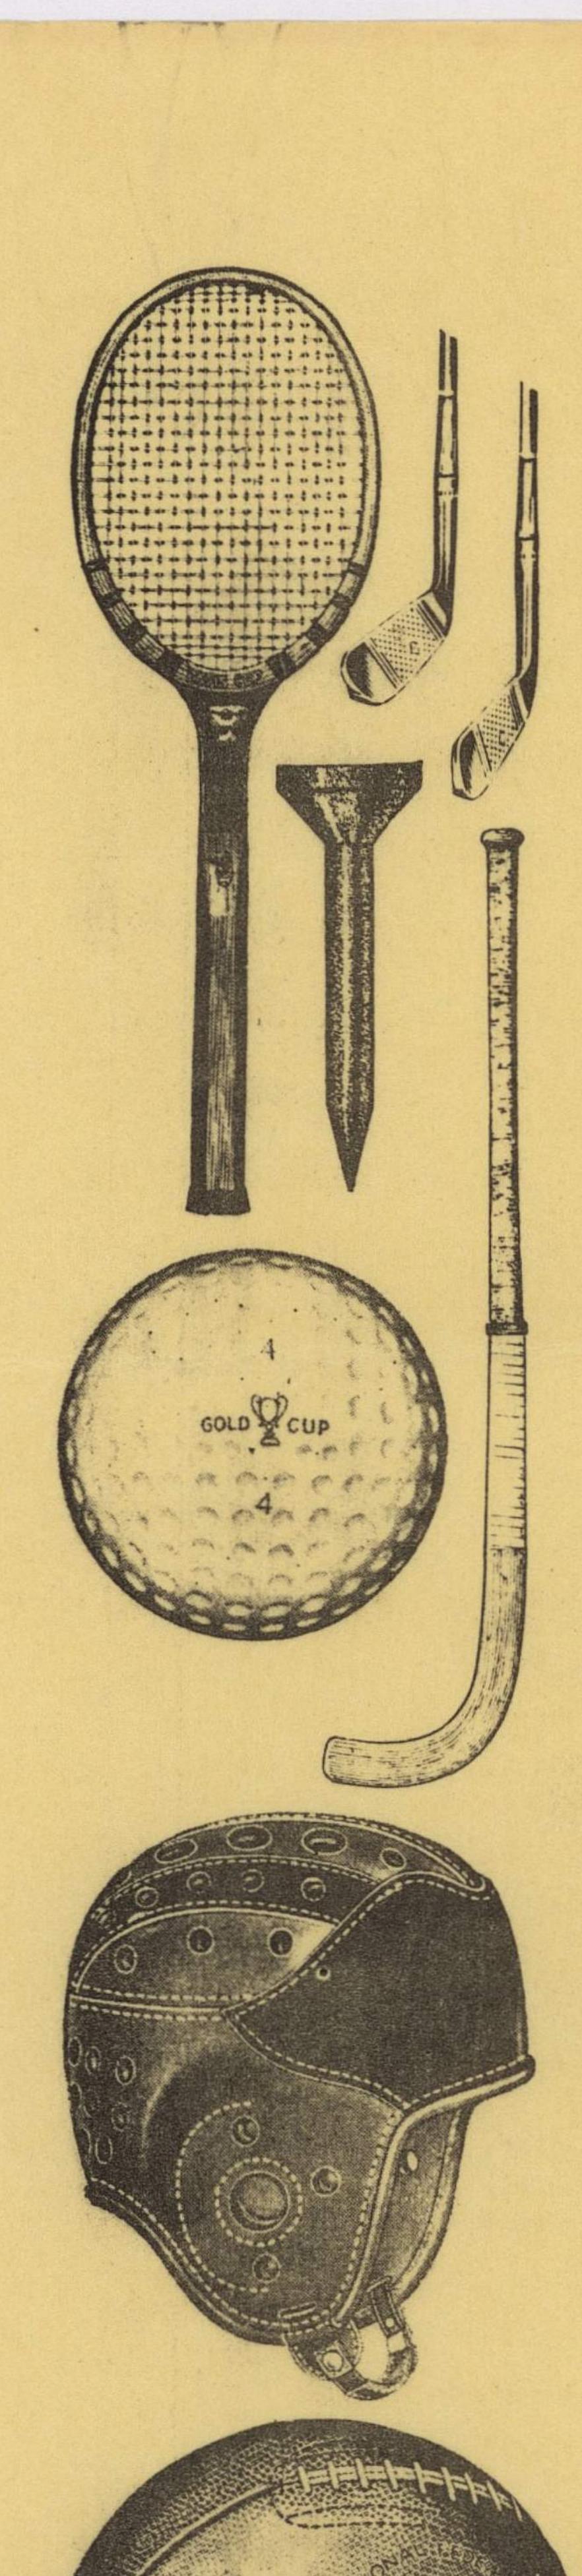

Harry said that you hadn't written him to encourage his entrance at Kansas this Fall. He is the type of boy who is a bit backward in regard to pushing himself, especially in an instant of this nature. Apparently, he does not care wir for McDerrmott, but McDerrmott wants him.

I should like to see these two boys come to Kansas, because through them, there should be more to come later.

Hoping that there is still time to do something in regard to the situation, I am,

Very truly yours,

Buck I rombold

Dear Doctor Allen:

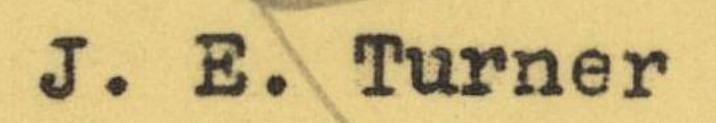

I have your letter of September 14 and think I can get the caps for the end of the Zephyr clubs for you from the factory. We do not have them here but I am quite sure we can get them from the factory.

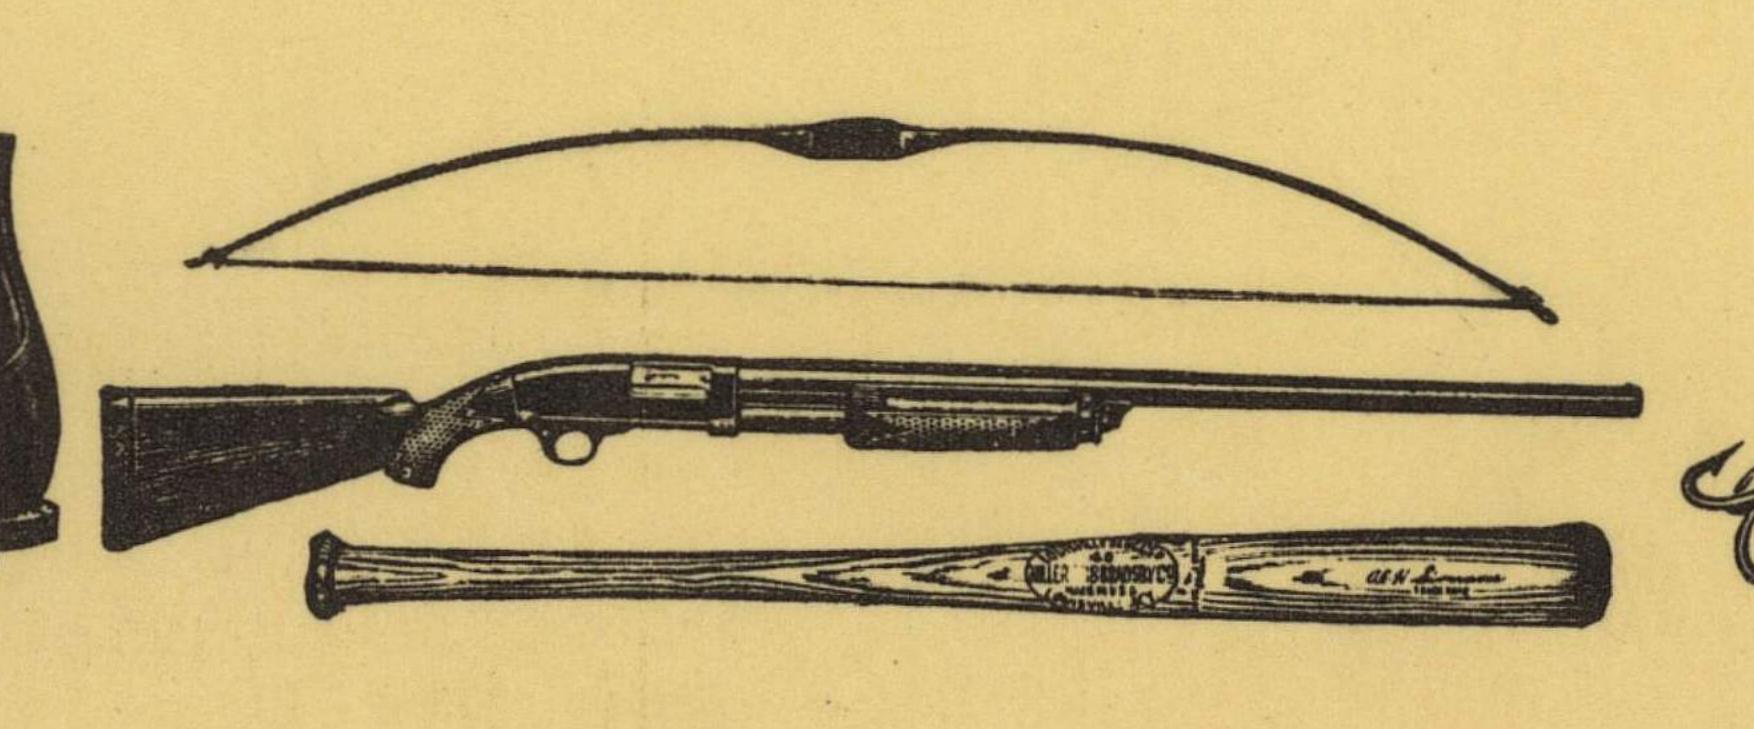

I hope you have a mighty successful season and we are always very happy to serve you.

September 14, 1937. Mr. J. E. Turner. Kansas City Sport Goods Co., Kansas City, Mo. Dear Cap: Thank you for your little pamphlet setting forth sports items of interest. I assure you I will be very happy to keep this as a handy reference, and in case we are in need of any items in Physical Education I will be more than happy to send you a requisition order. By the way, Cap, in my Zephyr golf clubs which I purchased the little bone inserts in the end which give the numbers of the clubs have dropped out. I am wondering if you have any plug inserts that we might use to fill up these gaping holes in the end of the club. I think you know what I mean. I don't care whether they have numbers on them or not. I could use three or four of them, and shall be glad to send you a check for them. With every good wish, I am Sincerely yours. FCASAH Director of Physical Education.

Dear Chuck:

Thank you for your very good letter of the 31st ultimo in regard to our collaboration with you in the production of the basketball picture.

I am quite anxious to see and hear this sextet of coaches, as well as to see what old man Taylor does in the way of manipulative skill with the indoor pebble. It would be a pleasure to see you should you drop through Lawrence and stop off at the University.

With every good wish, I am

Dear Dr. Allen:

I want you to know that I appreciate your co-operation in the production of the basketball picture.

If this picture is the medium through which the younger boys of the country can learn to appreciate the game, then we have each accomplished our aim.

Once again I want you to know that I have enjoyed working with you.

Sincerely your will

Dr. F. C. Allen Dept. Physical Ed., University Lawrence, Kansas

Dear Sir:

Thursday I applied at Nortonville, Kansas, for a teaching position in high school, also, to coach basket ball.

I took my basket ball training in your classes at Warrensburg, and played in intramural (summer) games, with "Eph Markey & Co". J. W. Miller and I played forward on that team.

Supt. H. P. Stover, Nortonville, Kansas, would like a statement that I took courses in basket ball, and that I have had experience in coaching. If you could send a letter direct to Supt. Stover the first of the week, it would help very much to land the position.

As to experience, our Fayette team won first at Kirksville, also at Columbia for schools under 150 enrollment. My New Bloomfield team won Callaway Co. tournament at Fulton, and placed third in the Jefferson City tournament. Recently, my teams have placed in county tournaments in Sedalia, and Clinton.

The above is to indicate something of my work in coaching, and that I have had a measure of seccess. I that you might not have noticed such items, so far over this way.

May I sincerely thank you for any assistance.

Mrs. Taylor joins me in sending best regards to all.

Sincerely yours,

urs, A.H.Mans Mr. J. A. Taylor, Standard Oil Company, 40th and Main St., Kansas City, Missouri.

Dear J. A.:

I just checked back with Mr. Palkenstien concerning your ten season and two one-half fare season tickets for the football games. As I assured you, Mr. Falkenstien will take very good care of you.

You can count on Mr. Gwinn Henry for every bit of cooperation that you desire.

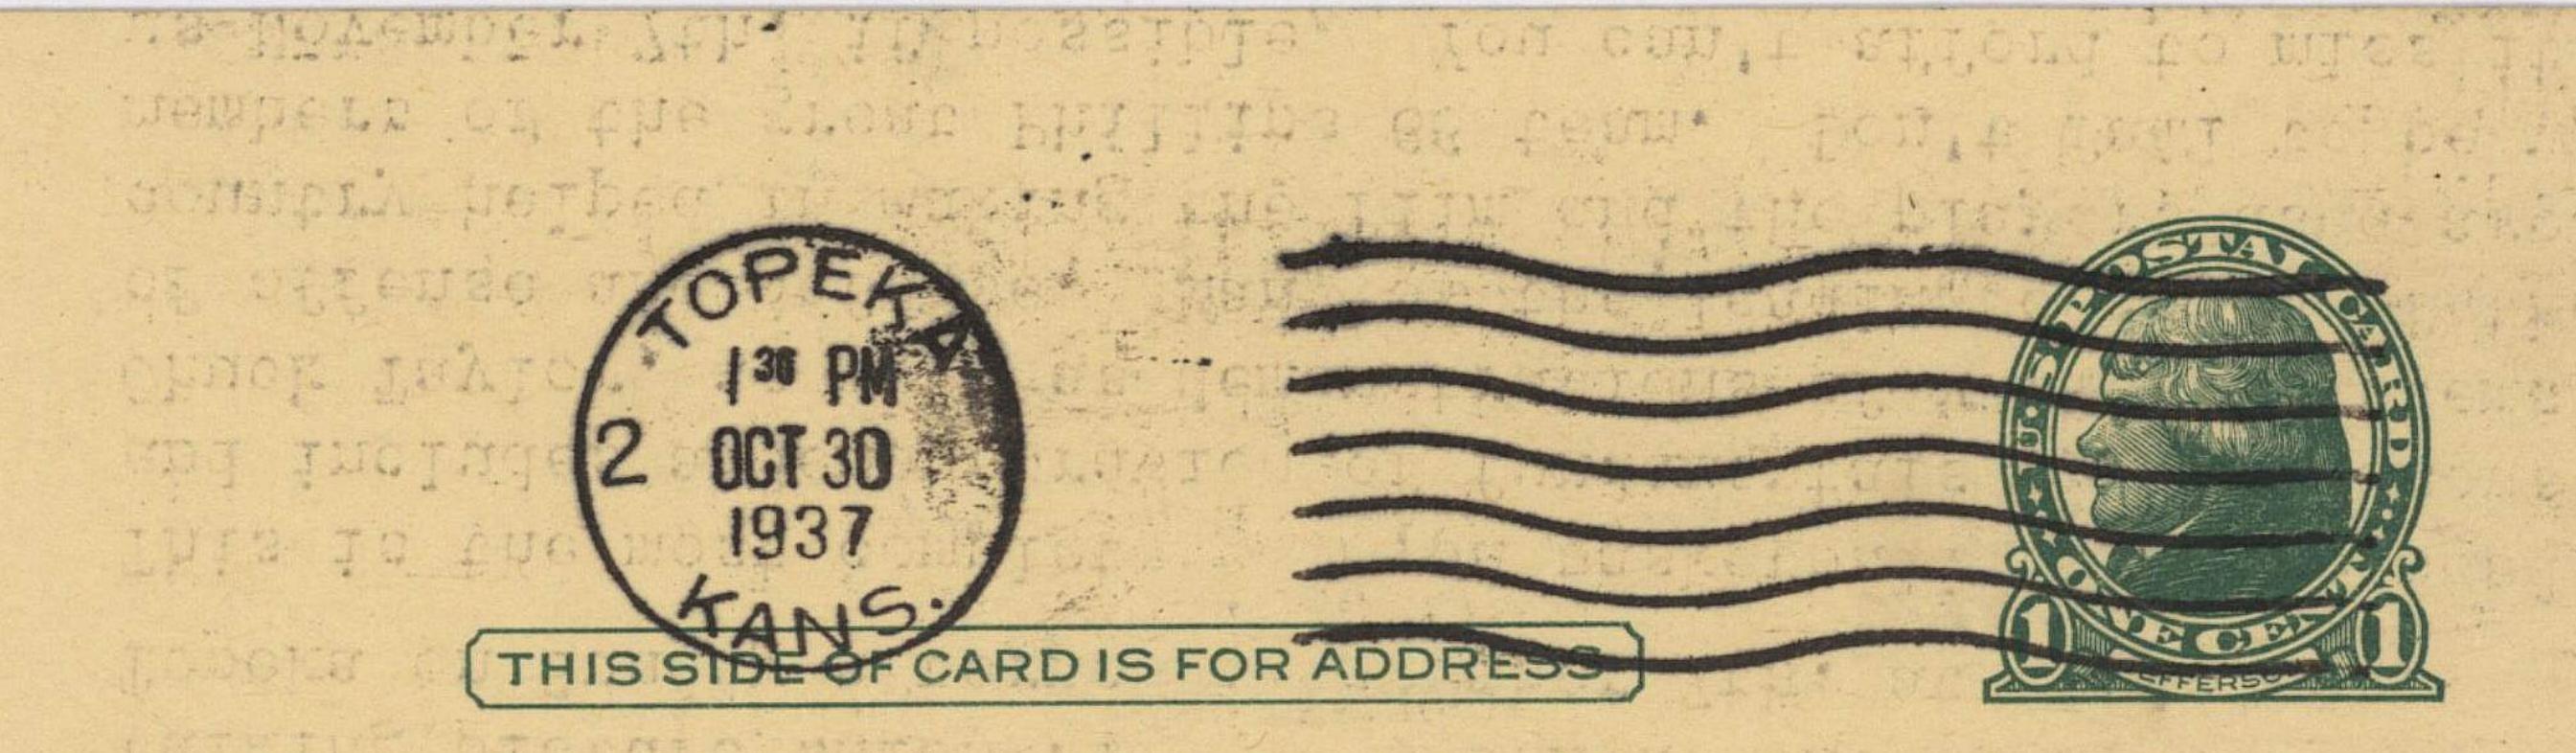

I trust that you will enjoy the football season, and if at any time I can be of any service to you, please command me. In fact, that goes for the entire Standard Oil force. To me they are a great outfit.

Remember me especially to Charlie Moore, and of course to your boss, Honorable Jay H. Wilson.

Sincerely yours,

Basketball Coach,

University of Kansas,

Lawrence, Kansas.

Dear Coach: -

You are invited to attend a pre-view of a new basketball talking picture which will be shown at the Jawk hotel in Topeka on Sunday afternoon, November 7th, at 12 o'clock.

This is the most complete film on basketball ever produced and includes a demonstration of fundamentals by the famous Chuck Taylor, as well as demonstrations of various systems of offense and defense. Many of the leading coaches of the country helped in making the film and the players used are members of the great Phillips 66 team. Don't fail to be with us November 7th, if possible. You can't afford to miss it. We expect to show it later in other sections of the state. Cordially yours,

E. A. Thomas.
