June 11, 1942.

Mr. S. Frazee,  
1819 Maine St.,  
Lawrence, Kansas.

Dear Mr. Frazee:

I promised you that I would give you the list of the men that I have in the order in which I would appreciate getting them placed on the job.

1. Charlie Black
2. John Buescher
3. ~~Max Kissell~~
4. Ted White
5. Paul Turner
6. ~~Ray Evans~~
7. George Dick
8. Warren Hodges
9. Paul Hardman
10. Duane Smith
11. Richard Keene
12. Michael Alt
13. Bob Woodbury
14. Amon Woodworth
15. Albert C. Reed
16. Curtis Hinshaw
17. C. R. Mong
18. T. Vernon Smith
19. Bill Bowers
20. Bill Skeens
21. Grier Zimmerman
22. Marvin Vandaveer
23. Harold Howey

I have tried to list these men in the order of importance, as I see it. Charlie Black, John Buescher, Max Kissell and Ted White are all working on jobs that I would like to be relieved of. I have the boys working for the Department of Physical Education, with the exception of Charlie Black, and our budget is in extremely bad shape. But the boys came from out of town and it is necessary for them to pay board and room to live, so I am trying

to keep body and soul together in their case.

I would greatly appreciate any added favor that it is within your power to give. I am already embarrassed in asking you to do so much, but when the boys left their homes they were under the impression that they could get on the jobs right away, else I would not have encouraged them to have taken this step.

With appreciation, I am

Sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
