Attention of Forrest C Allen

Gentlemen:

In reply to your favor of Aug.31., we find that in the sizes given (without the 10 foot addition mentioned by you previously) the tile would cost approximately \$3,800.00 (or \$400.00 less than a 70 foot pool).

In answer to your letter of Sept.1st., the cost of a floor and 12" base in entire room (outside the pool) would be approximately \$1,870.00 (One Thousand Eight Hundred Seventy Dollars).

When you have definitely decided on what you are going to do, we shall arrange to come to Lawrence and check over all the details.

Yours very truly,

KANSAS CITY MARBLE AND TILE COMPANY
