

June 18, 1943.

To the Budget Committee:

We have written to different concerns about replacing the tile in the swimming pool to check the water leakage.

Mr. Shatto, a representative of the Slater Tile and Mantel Company of Kansas City, came down and made an inspection of the pool. I am enclosing herewith a copy of his letter. This is typical of the inquiries we have made regarding repairs for the tile.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
