

April 11, 1941

Mr. Frank Hagan  
Project Technician  
W.P.A. Office  
310 East Capital St.  
Jefferson City, Missouri

Dear Mr. Hagan:

In reply to your letter of recent date regarding our recreational courses for this coming summer session, may I state that we are offering the following:

- 100. Principles of Community Recreation
- 176. Tests and Measurements in Physical Education
- M194. Content and Methods of Physical Education
- 200. The Theory and Practice of Athletic Training
- 300. Special Problems in Physical Education
- 39. Elementary School Playground Activities.

The last course, No. 39, is on the under-graduate level; the others are on the graduate level.

I have asked the Summer Session office to forward a Summer Session catalog to you. On page 42 of this catalog you will find a description of these courses. However, #39 is not listed in the catalog because it has been added since catalog copy was made.

If I can be of any further service to you please call upon me.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball and Baseball Coach
