39. ELEMENTARY SCHOOL PLAYGROUND ACTIVITIES Three hours credit.
Required of all candidates for the elementary school certificate.
This course is intended to acquaint the student with theoretical
and practical aspects of play in the school program. Play will
be treated with reference to its purposes and values for both
the individual and the group. Desirable habits, attitudes and
activities for the individual's physical development, social
adjustments, and the proper use of leisure will be stressed.
Definite attention will be given to techniques, equipment and
administration of play activities in the elementary school.
