

OPERATION OF UNION BUILDING

SUMMER SESSION 1940

Manager's salary	\$291.68
Hostess's salary	100.00
Janitor service	130.00
Supplies, telephone, newspapers, etc.	<u>50.00</u>
Total	\$571.68

The above cost is the same as that of last year. The Union has served the Summer Session very effectively this year. The education forums and other gatherings made good use of the facilities of the building. Dinners and banquets were served to a number of groups. Parties, receptions and dances under the general supervision of the recreation director were held in the ballroom. More students made use of the facilities than in previous years and seemed greatly pleased with the efforts made in their behalf.

The Reading Institute held all of its sessions in the ballroom and other rooms on the second floor and had the book display in the lounge. Phi Delta Kappa met regularly in the Pine Room. With the recent improvements in the recreational facilities and the Union Fountain it is probable that even greater use can be made of the building next year.
