

## Coaches to Play Under New Rules

Dr. F. C. Allen has arranged for the members of his advanced basketball class to play an exhibition game at 8:15 the night of Aug. 1. The 22 men are all coaches and are trying to learn some new tricks while in summer school.

This pre-season game will be played under the new rules and will give observers a chance to see how these rules work out and what difficulties will result from their use. So drop around to the top floor of Robinson Gym and watch the teachers play their own game.

## It's Do or Die As Coaches Vie

High school coaches from all over the state, who are attending summer school at the University, will take part in a basketball game embodying the rules changes for the 1940-41 season. The unique contest will be played in Robinson gymnasium, Thursday night, starting at 8:15 o'clock.
