

# Play Schedule

Monday, Tuesday + Wednesday.

It is difficult to indicate a decided preference for any activity at this time.

Since I lack proficiency in any of the games it is impossible at present to be a good leader in any of them.

Have made my highest scores so far in shuffle-board.

Have tried also loop tennis, bad minton, and croquet, and practiced throwing the ball for goal-hi with a few successes.

Have not yet tried archery or table tennis.

Up to the present time I prefer shuffle board. or croquet.

Heretofore I have always regretted that my summer program has not been well balanced as there was no physical training included except for one course in physical education taken at Northwestern University.

This is the reason why I decided this summer to take something along this line. As I was not specializing in physical education there were so many other things required which tended to crowd out these subjects.

Madge E. Jones

# Daily Schedule-

Wilkinson.

A.M.  
7:30 class Field of Soc. Work- 3 hrs.  
8:30 Library-  
9:30 class Community Recreation 3 hours  
10:30 Immigration Problems 3 hours.  
11:30 Lunch  
12:30 to 5 Study-  
7:00 to 9: P.M. Community Recreation.  
Playground.

I plan to be on the playground each evening except those evenings before a test.  
Saturday study-

Wilkinson.

Wilkinson  
Community Recreation

□/IVER.

Tuesday night will  
be the only evening  
I want free from  
playground supervision.

- I can take care of -  
loop tennis - bad  
minton or  
shuffle board. -

Elsie Wirt

Monday - Tuesday - Thursday

Croquet and shuffle board.

Suggestions

Small children like a sandpile  
with shovels and pails.

How about short nature walks with  
a leader well versed in native flora.

Community sings.

Concerts.

Inside on stormy evenings

checkers.

Chinese checkers.

Used to enjoy Twilight baseball  
when Haskell played K. U.

## COMMUNITY RECREATION

### SCHEDULE

Any wife is convenient to me. I would rather not make the time definite as sometimes I feel I should spend the evening at the library — possibly for a quiz or in preparing a report. My afternoons are not free, otherwise I could study them. —

### WHAT I WANT TO DO

Interested in Archery — ~~but~~

1st

Badminton

2nd

Croquet

3rd Shuffleboard

4th Wheel Tennis

E. Herriman

Com. Rec

Community Recreation -

It is possible for me to  
be here every evening.

I am interested in archery - croquet  
and shuffle board.

E. Musbaum

Community Center -

Elizabeth Husbaum

to be done every evening

Some interesting in archery - report  
and stuff. hand.

E. Husbaum

Margaret Smith

I should prefer to come 2 hours on Monday night and one hour on Tuesday, Wednesday and Thursday nights. I have class in the Astronomy observatory on Tuesday or Wednesday each week at 8 P.M. depending on weather conditions, therefore it is impossible to be there for two hours on these nights. I have my quizzes in other courses on Fridays so I shall have to study on Thursday evenings.

It is immaterial whether I be placed in charge of some game or of the children. I should just as well take care of them while at the playground.

I can come to Community Recreation every nite but nights that I have to study for quizzes, I prefer only to stay an hour, but other than that I can stay two hours every nite. I enjoy all the sports and it is immaterial to me whether I play the games or take care of the little children. Either is all right.

Betty Wyatt  
June 27, 1940  
Community Recreation

I would prefer to come to the playground two hours on Tuesday, Wednesday and one hour on Monday, Wednesday, and Thursday. Since I am not talented in any particular sport and I have had no experience in physical education, I am interested in all activities on the playground. It is a new and enjoyable experience for me to work on the playground so I should be willing to do whatever you may suggest.

Jean Egbert

6-27-40 - Comm. Rec. - Ed. Hall -

my school hours are; 9:30 - 11:20.  
I am free each morning from  
8:00, until 9:30, and each afternoon  
until 4:00.

I will be glad to do anything  
I can, as I am not able to  
attend the evening sessions.  
I feel that I should, and want  
to do something. But, I don't  
know just what I would rather  
do, so give me just anything -

Ed. Hall

June 3, 1940.

Mr. C. G. Bayles,  
Superintendent,  
Buildings and Grounds.

Dear Mr. Bayles:

Following the custom in the past, I desire to give you a schedule of the time Mrs. Pelzel will be needed in the gymnasium during the Summer Session. This summer we estimate that her services will be needed as follows:

9:30 to 10:30 a.m. daily  
3:30 to 6:30 p.m. M.W.F.  
7:00 to 8:30 p.m. three times a week  
(days to be specified later)

In case this schedule should have to be adjusted after summer school starts we will notify you in advance.

Sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.

June 13, 1939.

Mr. C. G. Bayles,  
Superintendent,  
Buildings and Grounds.

Dear Mr. Bayles:

I understand it has been customary for Miss Hoover to give you a schedule of the time Mrs. Felzel will be needed in the gymnasium during the Summer Session.

This summer we estimate that her services will be needed as follows:

9:30-10:30 a.m. daily  
4:30-6:00 p.m. M.W.F.  
7:00-8:30 p.m. daily

5  
4  $\frac{1}{2}$   
7  $\frac{1}{2}$

16

This schedule, of course, may have to be adjusted later, but if that is the case we will notify you in advance.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

June 14, 1940.

Professor J. W. Twente,  
School of Education,  
University of Kansas.

Dear Dr. Twente:

We will be happy if you can officiate some of our softball games again this summer. I do not want you to feel burdened by this, and any time you find it inconvenient to come it will be perfectly all right. However, we are always glad to have you when you can come.

The schedule of games has not been prepared, as yet, but I am calling a meeting next week of all the men interested in the softball league. As soon as the schedule has been drawn up I will send it to you.

Very cordially yours,

FCA:AH

Director of Physical Education and Recreation,  
Varsity Basketball Coach.

June 14, 1940.

Dr. E. R. Elbel,  
Department of Physical Education,  
University of Kansas.

Dear Eddie:

We will be happy if you can officiate some of our softball games again this summer. I do not want you to feel burdened by this, and any time you find it inconvenient to come it will be perfectly all right. However, we are always glad to have you when you can come.

I have asked Dr. Twente to serve, also, under the same conditions. I realize that you are busy with other things, and we will arrange for some of the boys to umpire most of the time, but I thought you and Dr. Twente and I should be at the games occasionally.

The schedule of games has not been prepared, as yet, but I am calling a meeting next week of all the men interested in the softball league. As soon as the schedule has been drawn up I will send it to you.

Cordially yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.

FCA:AH

June 14, 1940.

Chancellor Deane W. Malott,  
University of Kansas.

Dear Chancellor Malott:

The first Summer Session picnic is being planned for next Wednesday evening, June 19th on the quadrangle in front of Fowler Shops. This is a social affair for the Summer Session students and their families, together with the faculty and their families.

We would be very happy if you could find it possible to be with us for a part of the evening, at least. Informal games will start at 5 o'clock, and the serving of the picnic supper will begin at 6. About dark the floodlights will be turned on and we feel we have arranged an entertaining program to be given on the cut-of-door stage. I feel sure you would enjoy meeting with our summer group.

Very cordially yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.

June 13, 1940.

Mr. Allen Ripper,  
408 No. Lime St.,  
Topeka, Kansas.

Dear Allen:

When Lou Maser came up from Pleasant Hill about three weeks ago I talked to him about doing some of the work that I mentioned to you the other day when you were in the office. Lou is going to be in Summer School. When you were I had forgotten for the moment that I had spoken to Lou. However, I will very definitely keep you in mind and try to help you this summer.

Cordially yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.

November 14, 1940

Dean Raymond A. Schwegler  
School of Education  
University of Kansas

Dear Dean Schwegler:

I am listing the activities that our group; namely, the Community Recreation Class, either sponsored or augmented last summer session:

**July 19 - All-school picnic.**

This all-school picnic assembled on the quadrangle. The meals were served for 35¢ and Miss Zipple from the Cafeteria furnished the food. Paper plates and cups, etc. were furnished by Miss Zipple. The youngsters were served at half price. We had 175 at the picnic dinner. Plays and games were arranged for children of all ages. We had community singing after the eats. Just a good mixer.

Previously, these all-school picnics had been planned for Brown's Grove, but Brown's Grove is in such a disintegrated condition that it is impracticable. The chiggers and the litter made it untenable. Transportation was also a problem. We have all agreed that picnics on the quadrangle are more enjoyable, and too, we can use the gym for rest rooms for our people.

A drinking fountain over by the Fowler Shops will be an added attraction for next year. The grounds are lighted and after a meal the facilities for play are very convenient.

**July 9 - Volleyball game.**

In addition to all the other play facilities, a game of Volleyball was arranged between the faculty members and the graduate students on the Hill against a down town group, comprising George Docking and some of the other merchants. This was played out-of-doors. It merely added to the breaking down of the home town vs. Kansas idea.

**July 23 - Summer session dance.**

A summer session dance was held in the Union Ballroom with a 12-piece orchestra.

When the evenings are terrifically hot we plan to close the road between the Anatomy Building and our quadrangle and sprinkle meal on the roadway. Last year we used a radio and loud speaker with records. For next year we believe that we have it worked out so that on cool evenings we switch to the Ballroom and on warm evenings we go to the street with corn meal. The dance is one evening each week. Monday evening generally being the best time.

**July 25 - Steak fry on quadrangle.**

Professors F.O. Russell and Guy Smith fried steaks and this time we made our own coffee and fixed and prepared our own food and served it for 35¢. Everything that could be had on a steak fry was had at this so-called farewell picnic. Large grills were used in frying the steak and everybody who attended voted Chefs Russell and Smith the best. Many people came from out of town. Dr. Don Carlos Peete, his wife and children drove down from Kansas City and a great many faculty members attended this steak fry.

**Playground.**

Our playground was open every evening from 7:00 to 9:00 with the exception of Saturday and Sunday.

**Softball league.**

We carried through the entire season a six-team softball league, each team having about 13 players on it. Most of these men who played were graduate students and they found these games on Monday, Wednesday and Friday necessary adjuncts in keeping more physically fit and mentally alert for the summer's grind.

This league has been in full swing three years, and if anything, it was more popular this year than last. We arranged to have the swimming pool open immediately after the games so that the players could have a plunge in the pool. In fact, the men's afternoons were so allocated that the men who did not play softball and wanted only the swimming, they could indulge in that. It works very nicely in the scheme of things by having the men's afternoons the same afternoons that the softball games are played.

**Swimming pool.**

As stated above, the pool was open for both men and women; men three afternoons a week and women three afternoons a week. The co-recreational splash was held twice a week in the evenings, and it was a great success.

Each year the colored people have had one or two co-recreational splashes, and what a splash they make!

**Basketball.**

On August 1, a basketball game was played under the new rules. In our Advanced Basketball course we had a great number of very capable coaches studying the game and we used these players to demonstrate the new rules of the game. The game was largely attended and greatly enjoyed.

**Folk Dancing.**

We used the band platform for teaching folk dancing to the little tots. We used a loud speaker with victrola music and the piano. It was a great success. Many mothers came to give the children the benefit of the training. Miss Dorothy Garrett, one of the students in the School of Fine Arts, assisted in this work.

**Community Sing.**

At each one of our all-school picnics and steak fries, we had community singing lead by Miss Oliver of the School of Fine Arts.

**Plays and skits.**

We used our class in Community Recreation to put on skits and plays, using the band platform as our stage. Two years ago Mr. Allen Crafton helped us by having his advanced students drill our Community Recreation class. We put on three one-act plays which were greatly enjoyed by a large audience seated in folding chairs between the bandstand and the main drive of the University.

**Archery.**

We not only permitted a great number of young people to arch, but bows in the rough were purchased and Mr. Earnest Davis, a graduate of Goshen College, Goshen, Indiana, who took graduate work here this summer, assumed the role of teaching these boys how to make their bows and arrows. It was an excellent project and much excellent work was accomplished. We are planning to use Mr. Davis again this summer with a greatly enlarged activity.

**Recreation for Bankers Convention and for Reading Institute.**

We have a service here in our Department whereby we loan play equipment to any department which desires the same for picnics or recreational gatherings. We even go to the point of providing someone to supervise such activities provided there is no one in said department who could do the same. We also provide play facilities for equipment for group visitors to the campus such as the Bankers Convention or the Reading Institute, or for such out-of-town groups which have University affiliations that may desire the playground opened before the usual time or the time extended after the usual closing date.

Out of this list of activities, I am very sure that you and your committee can select the outstanding and beneficial activities of the summer session.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach

ing for Grades One Through Twelve -----  
-----*Eleanor M. Johnson*

## *Institute Staff*

It will be observed that the staff of the Institute this year represents a wide variety of specialists, and successful teachers. They plan to present as many phases of the reading problem as practical in a limited period of time. The persons who lead our discussions are a select group, and many of your reading problems, if not all of them, will receive attention.

Dr. Karl Menninger, Psychiatrist, head of the Menninger Clinic and Hospital, Topeka, Kansas.

Dr. Angela Broening, Supervisor of English and reading, Baltimore, Maryland, Public Schools.

Dr. Louise Farwell Davis, Reading Specialist, Na-  
College of Education, Evanston, Illinois.

Frances H. Mitchell: Reading Specialist, Horace Mann School, New York.

Dorothy Horton, Formerly Primary Supervisor, Iowa University Demonstration School.

Myrtle Banks Quinlan, Primary Supervisor, Oklahoma State Teachers College, Weatherford, Oklahoma.

Helen Gibbons, Reading Specialist, Colorado State Teachers College, Greeley, Colorado.

Eleanor Johnson, Editorial Director, *My Weekly Reader*, Columbus, Ohio.

Dr. R. H. Wheeler, Prof. of Psychology, University of Kansas.

Dr. A. H. Turney, Prof. of Education, University of Kansas.

Dr. F. P. OBrien, Prof. of Education, University of Kansas.

Dean R. A. Schwegler, School of Education, University of Kansas.

Fred S. Montgomery, Secretary Visual Instruction, Extension Division, University of Kansas.

Dr. Bert A. Nash, Prof. of Education, University of Kansas.

Guy V. Keeler, Assistant Director of Extension, University of Kansas.

## *Demonstrations*

During the week there will be many types of demonstrations. The demonstrations will include teaching techniques, diagnostic and remedial procedures, supplementary helps, and materials, and instruments of various

types. There will be groups of children representing the different grade levels which the different staff members will use in their demonstrations.

## *Conferences*

Staff members of the Institute will be glad to confer with teachers as long as their time schedules permit. It is hoped that those who attend the institute will utilize the conference periods by scheduling appointments, either as individuals or as small groups, with the institute leaders. Any special problems which you may desire to have discussed can receive attention by making an application with the leaders.

## *Institute Program*

The program for the week is unusually full. No one person could attend all of the lecture and conference sessions each day. The program was planned in this way so that each teacher may attend all that she can and that the selection of both conference and lecture sessions will be based on the types of material most suited to her individual needs.

## *Exhibits*

Teachers attending the Institute should spend considerable time investigating the materials and apparatus which are on exhibit. Supplementary reading materials and reading books will be on display in the Men's Lounging Room in the Union Building. Also, various instruments of use in Reading Diagnostic work will be on display in this room.

## *Visual Education*

Since one of the major problems in teaching reading is the development of the child's background of experience, motion pictures and sound pictures have come to be regarded as essential aids in the teaching of reading. The Visual Instruction Department, Fred S. Montgomery, Sec'y, has selected a series of films which can be very useful to teachers of reading. Each evening a set of pictures will be shown dealing with different levels of children's interests.

## *Recreation*

Through the cooperation of the Physical Education Department recreational facilities of the University will be available daily north of the Fowler Shops building. These facilities have been very popular with the summer

school students, and we are sure that you will enjoy them. The recreational activities will continue from 5:00 to 7:30 p.m.

### *Housing Accommodations*

Due to the wide variation of different types of housing and boarding accommodations, we are not making special arrangements, but there will be plenty of facilities available for all at moderate costs. Lists of rooming and boarding facilities for both men and women may be secured at 117 Fraser. Desirable rooms in Corbin Hall are available for those who write in early.

### *Institute Headquarters*

For the comfort and convenience of those enrolled, the Institute this year will be held in the cool and spacious Union Building. All sessions, demonstrations, and exhibits will be in the various rooms in this building. Institute headquarters and registration during the week of June 24 to 29 will be on the main floor of this building.

### *Registration & Enrollment*

|   |        |
|---|--------|
| Enrollment for all sessions and demonstrations .....  | \$6.00 |
| Students enrolled regularly in Summer Sessions .....  | \$3.00 |
| Students in Summer Session, who have paid Clinic<br>or Reading and Study Laboratory fee ..... | \$2.00 |

Mail registrations to 117 Fraser.

Local registration at Union Building.

Registration must be completed before attendance at any session.

Registration cards must be shown at each session

Registrations should be sent in at once in order to facilitate plans for the institute and to insure attendance

Registration will close when enrollment has reached a maximum point for institute efficiency.

### *Information Concerning the Institute*

During the Institute teachers who have questions concerning any aspect of the work offered should see Dr. Bert A. Nash, Director of the Institute, in Room 18, Fraser. For any information concerning registration and enrollment, correspondence should be directed to Guy V. Keeler, Extension Division, 117 Fraser Hall.
