

Marjorie (Smith)

I should prefer to have a house on Broadway
and not have my children, the children and the
nights I have there in the afternoon
at 8 P.M. depending on weather conditions
it is impossible to be there for two hours
then nights. I have my group in order
usually on Friday as I shall have to study
in the morning.
It is impossible to be there in the
of some part of the children. I should
just as well take care of them while on
the playground.
