

June 22, 1939.

Dean R. A. Schwegler,
School of Education.

Dear Dean Schwegler:

So that there will be no confusion in your mind in regard to our playground hours in the evening, I wish to remind you that the playground is open from 7:00 to 8:30 p.m. Last year, you may recall, we opened the playground at 6:30, but this year since we have the lights it seemed much better to set the time from 7 to 8:30.

We do not wish to have the playground open for too long in the evening, as we do not desire to interfere with the study hours of the students. However many of them like to play in the cool of the evening.

Each week we are making up a "sports calendar" for the Kansan, and shall be glad to send a copy to your office for your general information.

Assuring you of our desire to cooperate, I
am

Sincerely yours,

FCA:AH

Director of Summer Recreation.
