Dear Mrs. Yeomans:

I want you to know that we deeply appreciate your interest in our recreational activities this summer. I regret that we were unable to get a photographer to take pictures of the various activities at the time of the last all-school picnic. We had asked a photographer to be on hand, but he failed to appear.

If there is any way in which we can cooperate with you in preparing material for your article I assure you it will be a pleasure to hear from you.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
