Mr. John Skinner,
Kansas Electric Power Company,
Lawrence, Kansas.

Dear Mr. Skinner:

I want to thank you for making possible the use of the large fans in the Memorial Union Building this summer on the occasion of our mixers. The fans added much to the pleasure of the Summer Session students, and we are very grateful to you. If there is any way in which we are able to reciprocate your many kindnesses it will be a pleasure to do so.

Very sincerely yours,
