Dear Dr. Zimmerman:

I am just getting around to answering your letter of March 19. I appreciated very much your interest and comments concerning our possible defense at stopping Kurland. The effects of the defeat by Oklahoma A & M are gradually wearing off by now and we are all feeling a little better. I am sorry that we could not more effectively use the type of defense which you suggested might stop him.

For your information, I have coached basketball at Kansas for twenty-nine years and have won twenty Big Six, or Missouri Valley titles in that time.

With best wishes for your success and thanking you again for your fine letter, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
