

August 11, 1939.

Mr. Russell E. Young,
257 East G. Street,
Kingman, Kansas.

Dear Mr. Young:

I know that it has been quite some time since you wrote me on July 15th, but I have been engrossed in a deluge of details which prevented me from writing you sooner.

I have made a little sketch of a lay out for an up to date athletic field and plant. By looking at your lay out it appears that this scheme should fit your plot of ground very nicely.

The only objection to running your playing field east and west is that the sun will be directly in the eyes of the team defending the east goal; whereas, if you run it north and south the sun will not be such a handicap. I think you should consider this.

I trust that this letter will not arrive too late for your plans. I am also returning your sketch.

With best wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
