

I have in mind a definite remodeling scheme for Robinson Gymnasium that would take care of all the teacher training needs as well as instructional needs for the new department of physical education.

I am sending you the architect's drawing of both the floor plans and the exterior front view of the contemplated women's gymnasium. This merely shows you the type of building that can be used as a utility. On the roof of the two wings as well as on the gymnasium floor will be laid out courts for badminton, darts, deck tennis, shuffleboard, and tennis. I will, of course, appreciate if we may have these drawings back after you have had them photographed.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
