Lawrence, Kansas.

Dear Dr. Allen:

During the week of October 18th to 25th the National War Fund is presenting to all of the peoples of the United States an appeal for service to our fighting forces, for service to the unconquerable peoples of the United Nations and for service to the home front in the United States. The following organizations are all joined in one campaign----the USO and 16 other agencies serving the common war aim in foreign lands, those guiding the families of service men, war workers, and their families towards necessary health, welfare and recreation.

General Eisenhower asks prompt and abundant support. The Secretary of the Navy has issued a general order to all branches of the Navy to support the National War Fund to the limit. Our Secretary of War has done the same. Leaders all over the country say that of all their philanthropic donations the National War Fund Drive will top their list, so we as Kansans will say, "Sure, I'll take a Kansan's share because a share in the National War Fund is a share in winning the war".

You will see, hear and read more favorable publicity about the National War Fund Drive than any other philanthropic campaign.

We are combining the National War Fund with our own Community Chest Drive and you will find enclosed a descriptive folder listing the seventeen organizations of the National War Fund and those in our Community Chest.

We are hoping that all the lodges, clubs and organizations in Lawrence will contribute as generously as possible to this very worthy cause.

Will you please have this letter read at your next meeting and all contributions may be sent to the Community Chest--War Fund, Chamber of Commerce, WREN Building.

Yours very sincerely,

Mrs. W. L. Hunsinger

~~The Japanese definitely believe that they will rule the world.~~

IV They want to see every country under one roof - the Land of the Rising Sun.

We must all work harder - and longer - and faster.

II These beastly little Japanese really believe they will rule the world.

III In the great group that was marched over the mountain to the Japanese concentration camp, ranging in age from 2 months to 68 years, many wounded and tortured, there was not one whimper, not one look of pain or shame.

I One of the first pictures I (Gwen Dew) took in Hongkong was a picture that typifies war - a little boy sitting on the curbing holding his mother's hand. His insides were tumbling out, his mother's head and breasts were cut off.

Dear Fellow Worker

You can appreciate what a task it is to write an individual letter to each and everyone of you, or even to get you on the telephone and obtain your permission to serve in this very worthy cause. All of us are extremely busy with curricular and extra-curricular activities. But you are one of the busy ones we want to help us. Therefore, I am writing a mimeographed letter to this splendid group of workers, asking you to serve in a most worthy cause.

* * *

DO YOU WEAR A RED FEATHER?

This is the significant emblem of your donation to the National War Fund. Please be sure that you wear yours as the first harbinger of a most successful drive.

As soon as you are in need of a supply of red feathers for the donors, call my office, K.U. 83, and a messenger will deliver them to you promptly.

* * *

This is everybody's job - yours and mine - and I will greatly appreciate this splendid bit of teamwork.

IF YOU WERE THERE . . . . YOU'D HELP!

Sincerely yours,

Forrest C. Allen

Chairman, University Committee,
National War Fund and Community Chest.

P.S. IMPORTANT! The Kick-Off Breakfast for workers will be held at the Eldridge Hotel on Monday, October 18, at 8 a.m. You are welcome at this meeting.

Please Make Your Pledge First - Then Wear Your Red Feather!

Napoleon said an army travels on its stomach.

But China has proved for six years that the armies of today travel on their hearts.

Spirit and courage won Guadalcanal. And Stalingrad. And Tunisia. Grim spirit has kept alive countless survivors, adrift for weeks on flimsy rafts.

If you were there, you'd know an army travels on its heart . . . intent on winning . . . intent on returning home to the people who provided the heart and courage in the first place . . . and you'd go to work with all you've got to keep that spirit high!

ON THE MILITARY FRONT

Expressing everyday concern in a million kindly ways at the USO . . . grinning back at the happy faces of service-men whose "family" is a whole nation!
Controlling and preventing venereal diseases which cost so many man-hours on both the fighting and the production lines.
Keeping alive the will to live for millions of war prisoners, stagnating in the prison camps of the world.
Relieving weariness and strain among men who grimly sign on again and again for merchant seamen's duty despite torpedoes, icy water, and burning oil.

With Our Fighting Forces

With the world in flames and in tears, the demands on generous American hearts have been infinite.
When the fires of London are so thick the fire hoses run dry . . . when a Chinese mother has to watch her baby die for want of a simple drug . . . when Greeks by the hundreds drop dead in the streets from starvation . . . decent Americans cannot close their eyes or turn their backs!
These mass tragedies, these war-made horrors have stirred kind people to action.
To our fighting Allies and their families there is no compromise, no collaboration with the enemy . . . no surrender.
They are dying for a world of decent people. We owe them a debt.
Their courage is a fighting weapon for you. If you were there, you'd keep it keen!

YOU CAN BE THERE

ON THE UNITED NATIONS FRONT

Keeping valiant allies fighting because you care enough to save their lives, their families, their spirit, their resolve.
Aiding the escape of countless refugees from the terrors of war.
Rescuing the hope of our Allies . . . their children . . . from further panic, starvation, neglect and degradation.
Providing life-saving medicines for the treatment of both civilians and armed forces of our Allies.
Replanting the ravaged lands with seed . . . the crushed hearts with hope.

With Our Fighting Allies

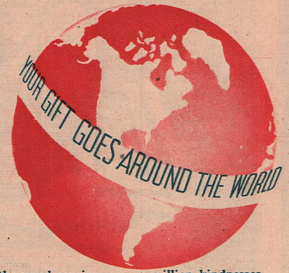
Family troubles at home can lengthen the war on the fighting fronts. How well can a man fight the enemies in front of him if behind him are the menacing worries of things gone wrong at home?
Shortening the war means fighting equally well on all three fronts . . . military, allied and home.
Let the fighting men concentrate on the Axis!
Those on the home front can tackle the ills of shifting populations. . . .
Take arms against the mounting number of neglected children. . . .
Counter the effects of hasty marriages and divorces. . . .
Make war on the spreading of disease, and
Block the increasing lawlessness of unguided, war-strained youth.
You can be there, arming your community against these common ills, easing the fighter's job.

ON THE HOME FRONT

Teaching the crippled to walk again . . . preventing illness.
Sheltering the "orphans" of family dissolution, separations.
Giving guidance, encouragement, education and increasing purpose to the young who must soon man our nation.
Bolstering community strength in the place where it lives: the family.

With Our Home Front Families

THROUGH YOUR GIFT YOU *are* THERE!



A thousand services . . . a million kindnesses . . . are wrapped up in your single gift to your united war fund. It will cover a federation of agencies stretching around the world, and will reach into the lives of our fighting forces, our Allies and their families.

A speedier victory . . . a friendlier understanding . . . will come because the American people CARE enough to give VOLUNTARILY. Giving is fighting, too! Full support of the USO program, and other member agencies in the National War Fund, will be met in your community campaign.

Give once for all these

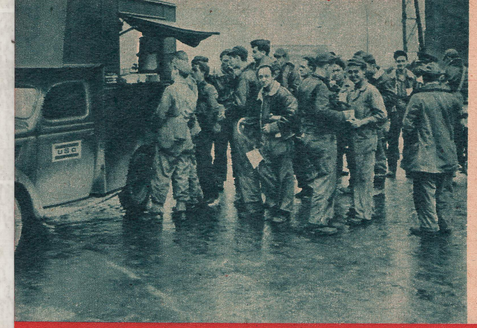
1943 LAWRENCE COMMUNITY CHEST October 18-23



In a remote outpost, tired and dusty air-defense crews cheer the arrival of the USO Mobile Unit with its load of fun from back home.

Young Americans are now among the six million prisoners of war whose spirit is kept alive by War Prisoners Aid services, supplies, and leadership.

Eighty days adrift! These merchant seamen need the sheltering care and rest United Seamen's Service provides before they sign again for convoy duty.

YOU CAN BE THERE... ON THE JOB EVERY DAY!

You can visit every USO club . . . every refugee center . . . every feeding station . . . every area of human need met by the National War Fund and your local united war fund. . . . BECAUSE YOUR GIFT GOES THERE FOR YOU!

You can bring cheer to the men on the military front to keep their fighting spirit high. You can save the lives and hopes of our Allies, on the United Nations Front. And you can bulwark your own community on the Home Front.

YOU CAN BE THERE... YOU CAN GIVE!

Meet all these needs through your united war fund campaign

IF YOU WERE THERE . . . You'd Help!

Three years old and bombed out! They're tagged to receive loving care and child welfare service in supervised refuges.

Will he survive? Greece's children are threatened with starvation and illnesses which can still be averted for many.

War-weary refugees, stricken with the ills of Axis hardships need our steadying help to renew fighting courage.

WE CAN'T ALL FIGHT! WE WON'T ALL SUFFER!

But we can all give!

Dear

The 4th War Loan is upon us. The starting date is Tuesday, January 18, 1944.

Never has so much been asked from so many - I mean just a mere loan - where good interest is paid for good money that will do a Japanazi finishing deed.

I have been given your name and am writing you a short note, enclosing important information. I am also sending you a "We Bought Extra War Bonds" sticker for your office or home because I know you will want to buy some bonds. I am also sending a blank if you desire to fill it out for your banker's convenience.

I believe the plan is for you to make your own purchase. I will get in touch with you after you have had time to study the amount that you wish to subscribe and I can turn this in to headquarters at the Chamber of Commerce at the earliest possible date.

Remember, the harder we all work together, the sooner we realize that we are one day nearer victory. I heartily appreciate your fine cooperation.

Sincerely yours,

Director of Physical Education,

Dear Dr. Allen-

I am enclosing a check for $10.00 for the United War Fund — if that is the proper title. I tried several times to get you by telephone to check on that before I drew the check in this manner. If it is incorrect please return check with instructions and I shall be glad to re-write it correctly. Incidentally, this was due Nov. 15th but at that time it completely slipped my mind -

Dear Doctor Allen:

You started our 1943 Community and National War Fund Drive with a lot of fire and you wound up with a record-breaking contribution from KU. Nice Going would be a modest and reserved way of expressing your accomplishments.

The fine teamwork you developed through the Y.W.C.A., I believe, will have a decided double value. The money obtained and equally important the benefits it should give to next year's campaign. Attached is an advanced report of this year's drive. I have a suspicion that the Hercules estimated figure is conservative.

You know me well enough to know that I appreciate the support you gave me as well as the very excellent job. Most important, I believe we all wanted to let the 1800 Douglas County boys know that we folks, back home, are interested in them to the extent that we will get the home front job done as it should be.

Thanks so much.

Sincerely yours,

Fritz Elvig

Dear Dean Schwegler:

I appreciate your generosity and your thoughtfulness in bringing your check to our office for the National War Fund and Lawrence Community Chest drive.

Mrs. Hulteen spoke to me regarding your suggestion for a statement to be placed on the card as to designation of donations to certain organizations. Personally, it is my opinion that the committee desired to keep that down as much as possible, unless the donor specified on the card that his gift should go to a particular organization. They were afraid that in the confusion it would arouse much discussion that might be inimical to the greatest giving.

We certainly had to hammer hard to get over the goal and we went over with a bang but it took concerted action by everyone, and an inhibition of any outside discussion to concentrate our whole efforts on the consummation of this splendid drive. Thank you for your fine part.
