Dear Heinie:

After I called you on the phone this morning I talked to Mr. C. G. Bayles, our Superintendent of Buildings and Grounds, and it seems that he has someone in mind who has a quantity of tile available now.

I would suggest that you not plan to come over to Lawrence until you hear from me again. I was trying to divert the job to you, and will get in touch with you after I have talked to Mr. Bayles again.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
