Dear Major Recknor:

I am in receipt of your letter inquiring about men qualified for the Army Physical Reconditioning program. We are calling this to the attention of all our Physical Education majors, but have no names to suggest to you other than that of Mr. Howard Porter of Wichita, for whom we recently wrote a recommendation.

We will keep this in mind and encourage any of our available men to get into this very worthwhile work.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
