

For men now in the Army, if possible, give rank and address. If you do not know the address, give the last Army address you have, or even the home address. If possible, give the organization to which he is attached. The work for which these men are desired is very important and urgent, hence my request for a very early reply. Would you please send it air mail?

Please excuse the duplicated letter; the numbers to whom we are sending this communication and its urgency prevent personal typing.

Sincerely yours,

*C. H. McCloy*

C. H. McCLOY

Civilian Consultant to The Surgeon General,  
Reconditioning Division
