

REMEMBER....

Sometime when lights are low --
when you can forget the noise and
fast pace of time ... relax ...
close your eyes and live again a
little time at Old Phi Psi.

REMEMBER - the pride and honor you
felt to walk in the front door, make
yourself at home, sit down at the
long table and fill up to your
hearts content.

REMEMBER - the pride that every
minute on the campus you felt that
distinction that so many other fellows
would have given anything for - the
distinction of being A PHI PSI.

REMEMBER - the dances - the good times
with the feeling always that you were
truly at home -- your own home.

No matter where you are your thoughts
will wander back to YOUR PHI PSI HOME
and the wonderful association there
with your other BROTHERS.

* * * *

NOW - more than ever before your help is needed --
YOU can do a little for the Old House that has
done so much for you -- your PHI PSI HOME needs
YOU and ALL OF US to revive and keep alive
those dreams and memories we
all hold so dear --

REMEMBER to do
something to help
Brother.
