

I didn't know the people  
of course - but the spirit  
was there as every College  
Man can see and  
appreciate. I hope I may  
receive a copy of each  
issue if not too  
burdensome - and I thereby  
will learn more of Kansas  
and my Kansas relatives  
who now occupy such  
important places in  
my heart & my life.  
The honey mooners  
will be home to night  
& Jack me enjoy
