

October 15, 1942.

Miss Marjorie Whitney,
Department of Design.

Dear Miss Whitney:

Your letter of October 12th addressed to Professor E. R. Elbel has come to my attention. Dr. Elbel is now with the Army Air Force at St. Louis, Missouri.

I taught the course in Kinesiology last year, and under the conditions outlined in your letter, I will accept the three students you mention next semester. I note that they have had biology.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
