Dear Harry:

Thank you for your good letter of the 8th instant. While I was in Kansas City Saturday night Lou Lower spoke to me stating that he thought we should play the game with Great Lakes last on Saturday night as the railroads had assured him they will hold the train for Great Lakes if necessary, but it is always an hour late anyhow.

I have asked Lou to write me that letter so that I can take it up with Tony Hinkle, the coach at Great Lakes. I am sure he will have no objection if he is sure of catching his train.

It was good to see you, and I was happy to have you write as you did. Thanks.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
