Kansas City, Kansas.

Dear Lyle:

One of your good friends told me that you are working too darn hard and that I should write you and tell you to slow up a little because that old ticker of yours would just stand so much of that.

So I am admonishing you to take it a little easier because none of us want to walk slowly behind you and we do not want you to look up at the daisy shoots. So take it easy, my friend, from a guy who has been strenuous for years but who is himself now taking it much easier and enjoying life much more.

Hope everything is going well with you and yours, but remember what I said. Don't step on it so heavy.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
