

June 25, 1945.

Mr. George Wetzel,
Rationing Board,
Lawrence, Kansas.

Dear George:

I am enclosing the back of my A ration book, duly signed, with the inspection by the Standard Oil man, Percival, at 9th and Vermont Street. I am also filling out the application for a B card. I have endeavored to make it perfectly plain in the application that I make three, four and sometimes five trips a day to the gymnasium.

In the morning I come up for classes at 7:30, 8:30 and 9:30, then at noon I go downtown or home for some committee meeting. In the afternoon I am back here and then in the evening I have intramurals. I am to conduct intramurals for the V-12 Navy program as well as the other service programs here which will require much travel from downtown to the office, and back home or back down town.

Then I have a great many committee meetings, such as the Salvation Army Executive Committee and Nursery Board, being chairman of that. I am on the Community Chest committee, I am also on the new Sunflower Nursery Committee, and I am also on the Deferment Committee here at the University which meets to pass on the students' academic deferments. Then I am called out to communities to speak in high schools and churches as a part of our conditioning and preparation work. I am also chairman of the Recreation Committee of the State Parent Teachers Association. This calls for addresses and appearances in and out of town.

Of course I do make a number of commencement addresses, as well as addresses before Rotary, Kiwanis, Lions and other classification clubs, and I travel on the busses and railroad as much as possible, but there are some towns, like Winchester, Lane and other small outlying towns that it is impossible to get to by the ordinary method of travel. It is part of our school work to carry on these meetings. For that reason I would appreciate a ration card B.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
