

Everyone I know or used to know
are all in.

I was surely proud of K. U.'s
fine Basketball team this year.
I followed it all season in the
K. C. Star. I guess as long as
the boys have a couple of legs
and arms, you'll whip up a
Big Six Championship team.

Well here I am just about to
be a flying Lt. And one of your
boys too. I hope I can do
credit to you and maintain
the standards you set for me
in your letter of recommendation
for my entrance to the aviator
cadets.

Inclosed is ~~an~~ clipping I
got out of the Los Angeles Examiner.
I thought it might interest
you.

I'll drop a line from time to
time also a few bombs in Berlin
I hope.

Sincerely,

Bill Wade.
